**The Potato** Apr 26 2020 A study dealing with the nature, production, nutritive value and storage of the potato, and with its quality both as a foodstuff and as the raw material for an important processing industry. The emphasis is on principles rather than practice.

**Raise the Issues** Jan 24 2020 Raise the Issues helps advanced students develop critical thinking skills as they gain insight into American Attitudes and values. It combines original broadcasts from NPR® with authentic articles from publications such as The New York Times, The Atlantic Monthly, and the International Herald-Tribune to present differing viewpoints on contemporary topics. Each of the ten units provides stimulating content that integrates listening, reading, speaking, and writing. As students clarify, interpret, and evaluate ideas from the material, they improve their command of sophisticated vocabulary and complex structures. The third edition features five new units on topical issues such as international adoptions, immigration, alternative energy, and the place of sports in higher education. ## Edition

A Dictionary of Stylistics Aug 31 2020 Reviews of the first edition: '...a work of high seriousness...manna from rhetorical heaven for students and researchers with a lot of hard graft ahead of them...' (English Today) '...an impressive single-author reference work...' (English) '...Not only is this volume indispensable for anyone, students or academics, working in any field related to stylistics, it is, like all the best dictionaries, a very good read...' (Le Lingue del Mondo) Over the past ten years there have been striking advances in stylistics. These have given rise to new terms and to revised thinking of concepts and re-definitions of terms. A Dictionary of Stylistics, 2nd Edition contains over 600 alphabetically listed entries: fully revised since the first and second editions, it contains many new entries. Drawing material from stylistics and a range of related disciplines such as sociolinguistics, cognitive linguistics and traditional rhetoric, the revised Third Edition provides a valuable reference work for students and teachers of stylistics, as well as critical discourse analysis and literary criticism. At the same time it provides a general picture of the nature, insights and methodologies of stylistics. As well as explaining terminology clearly and concisely, this edition contains a subject index for further ease of use. With numerous quotations; explanations for many basic terms from grammar and rhetoric; and a comprehensive bibliography, this is a unique reference work and handbook for stylistic and textual analysis. Students and teachers at secondary and tertiary levels of English language and literature or English as a foreign or second language, and of linguistics, will find it an invaluable source of information. Katie Wales is Professor of Modern English Language, University of Leeds and Dean of Learning and Teaching in the Faculty of Arts.

**Basic Food Preparation (Third Edition)** Mar 26 2020 Compiled by experienced teachers of dietetics and nutrition, the book provides a variety of recipes, along with information on weights, measures, cookery terms, nutritive value of foods, and methods of preparing highly nutritive meals.

**Best Care Anywhere** Nov 02 2020 "An outstanding book . . . documents how the VA's system of integrative care outperforms the models used by private insurers." —USW Blog (United Steelworkers) NEW EDITION, REVISED AND UPDATED Phillip Longman tells the amazing story of the turnaround of the Department of Veterans Affairs health-care system from a dysfunctional, scandal-prone bureaucracy into the benchmark for high-quality medicine in the United States. Best Care Anywhere shows that vast swaths of what we think we know about health, health care, and medical economics are just plain wrong. And the book demonstrates how this extraordinarily cost-effective model, which has proven to be highly popular with veterans, can be made available to everyone. New to this edition is an analysis of how the shortcomings of both so-called Obamacare and Republican plans to privatize Medicare reinforce the need for applying the lessons of the VA. Also included are completely updated statistics and research, as well as examples of how the private sector is already beginning to learn from the VA's example. "Among the most important social policy books published in the last decade." —Ezra Klein, *The Washington Post* "Read Best Care Anywhere not just to learn about one of our public health agencies that is a global star in terms of cost effective, evidence-based results, but also to learn how your own health care process can be improved by adopting the Veterans Health Administration's methodology for transparency and patient-centered care." —*New York Journal of Books*
