*Little Book of Gucci* Jun 23 2019 The Little Book of Gucci tells the story of this historic yet flourishing house, and the visionary looks that have cemented its place in fashion history. One of the oldest Italian fashion brands in existence today, Gucci was founded in Florence in 1921. Guccio Gucci established his company with the goal of creating opulent

luggage for Italy's wealthy and fashionable upper-classes. With the signature Gucci print of dark brown diamonds on a tan background, interlocking G logo and red and green stripe, the brand has gone on to become the last word in Italian luxury. Gucci's signature items - the belt, the bag, the loafer - transcend fleeting fashion trends, and have remained central to the house's identity into the twenty-first century. Under the stewardship of Tom Ford, Gucci epitomized the louche and mischievous 1990s aesthetic. Today, under Alessandro Michele, the brand's combination of romance and toughness is in hot demand. The Little Book of Gucci tells the story of this historic yet flourishing house, and the visionary looks that have cemented its place in fashion history./p

[Landscape and Memory in Post-Fascist Italian Film](#) Oct 20 2021 This study argues that neorealism's visual genius is inseparable from its almost invisible relation to the Fascist past: a connection inscribed in cinematic landscapes. While largely a silent narrative, neorealism's complex visual processing of two decades of Fascism remains the greatest cultural production in the service of memorialization and comprehension for a nation that had neither a Nuremberg nor a formal process of reconciliation. Through her readings of canonical neorealist films, Minghelli unearths the memorial strata of the neorealist image and investigates the complex historical charge that invests this cinema. This book is both a formal analysis of the new conception of the cinematic image born from a crisis of memory, and a reflection on the relation between cinema and memory. Films discussed include Ossessione (1943) Paisà (1946), Ladri di biciclette (1948), and Cronaca di un amore (1950).

**Transnational Modern Languages** Mar 13 2021 An Open Access edition of this book will be available on the Liverpool University Press website and the OAPEN library. In a world increasingly defined by the transnational and translingual, and by the pressures of globalization, it has become difficult to study culture as primarily a national phenomenon. A Handbook offers students across Modern Languages an introduction to the kind of methodological questions they need to look at culture transnationally. Each of the short essays takes a key concept in cultural study and suggests how it might be used to explore and illuminate some aspect of identity, mobility, translation, and cultural exchange across borders. The authors range over different language areas and their wide chronological reach provides broad coverage, as well as a flexible and practical methodology for studying cultures in a transnational framework. The essays show that an inclusive, transnational vision and practice of Modern Languages is central to

understanding human interaction in an inclusive, globalized society. A Handbook stands as an effective and necessary theoretical and thematically diverse glossary and companion to the 'national' volumes in the series.

*The Truth in Painting* Jan 11 2021 "The four essays in this volume constitute Derrida's most explicit and sustained reflection on the art work as pictorial artifact, a reflection partly by way of philosophical aesthetics (Kant, Heidegger), partly by way of a commentary on art works and art scholarship (Van Gogh, Adami, Titus-Carmel). The illustrations are excellent, and the translators, who clearly see their work as both a rendering and a transformation, add yet another dimension to this richly layered composition. Indispensable to collections emphasizing art criticism and aesthetics."—Alexander Gelley, Library Journal

**Searching for Japan** Sep 18 2021 This book pursues the specific case of Italian travel narratives in the Far East, through a focus on the experience of Japan in works by writers who visited the Land of the Rising Sun beginning in the Meiji period (1868-1912) and during the concomitant opening of Japan's relations with the West. Drawing from the fields of Postcolonial and Transnational Studies, analysis of these texts explores one central question: what does it mean to imagine Japanese culture as contributing to Italian culture? Each author shares in

common an attempt to disrupt ideas about dichotomies and unbalanced power relationships between East and West. Proposing the notion of 'relational Orientalism,' this book suggests that Italian travelogues to Japan, in many cases, pursued the goal of building imaginary transnational communities, predicated on commonalities and integration, by claiming what they perceived as 'Oriental' as their own. In contrast with a long history of Western representations of Japan as inferior and irrational, Searching for Japan identifies a positive overarching attitude toward the Far East country in modern Italian culture. Expanding the horizon of Italian transnational networks, normally situated within the Southern European region, this book reinstates the existence of an alternative Euro-Asian axis, operating across Italian history.

Studies in the Psychology of Sex v3 Dec 10 2020 The term "sexual instinct" may be said to cover the whole of the neuropsychic phenomena of reproduction which man shares with the lower animals. It is true that much discussion has taken place concerning the proper use of the term "instinct," and some definitions of instinctive action would appear to exclude the essential mechanism of the process whereby sexual reproduction is assured. Such definitions scarcely seem legitimate, and are certainly unfortunate. Herbert Spencer's definition of instinct as "compound reflex action" is sufficiently clear and definite for ordinary use. A fairly satisfactory definition of instinct is that supplied by Dr. and Mrs. Peckham in the course of their study On the Instincts and Habits of Solitary Wasps. "Under the term 'instinct,'" they say, "we place all complex acts which are performed previous to experience and in a similar manner by all members of the same sex and race, leaving out as non-essential, at this time, the question of whether they are or are not accompanied by consciousness." This definition is quoted with approval by Lloyd Morgan, who modifies and further elaborates it (Animal Behavior, 1900, p. 21). "The distinction between instinctive and reflex behavior," he remarks, "turns in large degree on their relative complexity," and instinctive behavior, he concludes, may be said to

comprise "those complex groups of co-ordinated acts which are, on their first occurrence, independent of experience; which tend to the well-being of the individual and the preservation of the race; which are due to the co-operation of external and internal stimuli; which are similarly performed by all the members of the same more or less restricted group of animals; but which are subject to variation, and to subsequent modification under the guidance of experience." Such a definition clearly justifies us in speaking of a "sexual instinct." It may be added that the various questions involved in the definition of the sexual instinct have been fully discussed by Moll in the early sections of his *Untersuchungen über die Libido Sexualis*. Of recent years there has been a tendency to avoid the use of the term "instinct," or, at all events, to refrain from attaching any serious scientific sense to it. Loeb's influence has especially given force to this tendency. Thus, while Piéron, in an interesting discussion of the question ("Les Problèmes Actuels de l'Instinct," *Revue Philosophique*, Oct., 1908), thinks it would still be convenient to retain the term, giving it a philosophical meaning, Georges Bohn, who devotes a chapter to the notion of instinct (*La Naissance de l'Intelligence*, 1909), is strongly in favor of eliminating the word, as being merely a legacy of medieval theologians and metaphysicians, serving to conceal our ignorance or our lack of exact analysis.

Travel and Translation in the Early Modern Period Jun 15 2021 The relationship between travel and translation might seem obvious at first, but to study it in earnest is to discover that it is at once intriguing and elusive. Of course, travelers translate in order to make sense of their new surroundings; sometimes they must translate in order to put food on the table. The relationship between these two human compulsions, however,

goes much deeper than this. What gets translated, it seems, is not merely the written or the spoken word, but the very identity of the traveler.

These seventeen essays—which treat not only such well-known figures as Martin Luther, Erasmus, Shakespeare, and Milton, but also such lesser known figures as Konrad Grünemberg, Leo Africanus, and Garcilaso de la Vega—constitute the first survey of how this relationship manifests itself in the early modern period. As such, it should be of interest both to scholars who are studying theories of translation and to those who are studying "hodoeporics", or travel and the literature of travel.

**Verso un'altra estate** Jul 05 2020 Grace Cleave ha trent'anni, vive a Londra e, fatta eccezione per qualche mese di adulterio con un sedicente scrittore americano, non è mai stata sposata. I capelli, che un tempo le fiammeggiavano fulvi al sole dell'emisfero australe - Grace viene dalla Nuova Zelanda -, sono ora così sbiaditi da aver preso il colore della polvere. L'ispirazione anche sembra irrimediabilmente svanita. Il romanzo che stava scrivendo, interrotto com'è tra la seconda e la terza parte, rischia di diventare un vero e proprio «figlio adottivo del silenzio». Il fatto è che qualcosa si è intromesso sul gozzo del romanzo e sulla sua vita. Qualcosa di minaccioso e allettante insieme, annunciato dalle soavi parole di una cartolina postale affrancata con cura: «Sig.na Grace Cleave: Sa che la temperatura qui a Relham è superiore di zero virgola quindici gradi rispetto a quella di Londra? Venga a scaldarsi! Philip Thirkettle». Philip Thirkettle ha l'aspetto pulito, assorto, tipico degli intellettuali inglesi. Gesticola con prontezza, è entusiasta e vivace. È venuto a trovarla per un'intervista il giorno in cui Grace si è messa la gonna azzurra a quadri e il cardigan sintetico azzurro con la scollatura sul davanti e si è tirata via un paio di peli tra i seni, nel caso si vedessero quando si chinava. Philip, però, mirava alla sua mente. Non sapeva che nessuno, con la conversazione, può raggiungere la mente di Grace Cleave. Influenze? Modo di lavorare? Ha rivolto le solite domande, poi con grazia e scioltezza ha lasciato cadere l'invito: «Ascolti, perché non viene su da noi una volta? Anne le piacerà, e anche suo padre, un tempo faceva l'allevatore di pecore, con lui potrà parlare di pecore, delle loro

malattie, della fasciola, della zoppina...». Philip non sa che a Grace serve coraggio per andare tra la gente, anche per soli cinque o dieci minuti. Un fine settimana a Relham, con lui, sua moglie Anne, il padre di lei, Reuben, e i figli sembra la promessa di un incubo per la scrittrice. Nessuna via di fuga. E poi il problema di quando alzarsi, andare a letto, cosa dire, dove andare e quando, problema che per Grace ha raggiunto i limiti dell'irrisolubilità: sì, perché durante la notte Grace Cleave si trasforma in un uccello migratore... Pubblicato a quasi cinquant'anni dalla sua stesura, *Verso un'altra estate* è il romanzo che Janet Frame vietò di rendere pubblico perché troppo personale. Con il suo stile denso di metafore e di bagliori ironici, l'autrice di *Un angelo alla mia tavola* regala ai suoi lettori un'altra toccante storia sospesa tra incubo e sogno. Io non voglio abitare il mondo umano sotto mentite spoglie». Janet Frame, *Verso un'altra estate* «Con la sua scrittura intensamente personale Janet Frame è capace di afferrare il momento, e di raccontare ciò che sfugge al linguaggio normale attraverso la metafora e l'immaginazione». *The Guardian* «Una scrittura limpida, con metafore sorprendenti per la bellezza e la precisione, e un'introspezione che raggiunge profondità abissali». *The Fire Within* Feb 09 2021 Desire for love, desire for knowledge, desire to possess, desire to desire and to be desired: our life is shaped by what we want and by our efforts to achieve it. Hailed by philosophers and psychoanalysts as the core of human identity, desire informs not only our actions, but also our dreams and hopes and their sublimation into art and literature. This collection of essays explores how desire is portrayed in modern and contemporary Italian literature, by analysing some of the most interesting literary figures of the last two centuries. The authors of this collection approach desire from various perspectives - psychoanalytical, sociological, political and semiotic - in order to show that desire, albeit at times not explicitly mentioned, pervades the literary works of modern and contemporary Italy, either as a central theme or as

the secret motor of the narrative. Through the fil rouge of desire, the essays of this collection highlight the international dimension of Italian literature, establishing a connection between Italian authors and the major theoretical works of the last two centuries. As the notion of desire, as represented in literary texts, is informed by psychoanalytical and philosophical concepts that operate across the boundaries of nationality and language, modernists and scholars of Comparative Literature will find the papers in this book of considerable interest.

**Dante** Jul 29 2022 "For all that has been written about the author of the *Divine Comedy*, Dante Alighieri (1265-1321) remains the best guide to his own life and work. Dante's writings are therefore never far away in this authoritative and comprehensive intellectual biography, which offers a fresh account of the medieval Florentine poet's life and thought before and after his exile in 1302. Beginning with the often violent circumstances of Dante's life, the book examines his successive works as testimony to the course of his passionate humanity: his lyric poetry through to the *Vita nova* as the great work of his first period; the *Convivio*, *De vulgari eloquentia* and the poems of his early years in exile; and the *Monarchia* and the *Commedia* as the product of his maturity. Describing as it does a journey of the mind, the book confirms the nature of Dante's undertaking as an exploration of what he himself speaks of as "maturity in the flame of love." The result is an original synthesis of Dante's life and work." --Amazon.com.

Regional History as Cultural Identity Aug 18 2021 This book brings together scholars to reflect upon the significance and meaning of local and regional history, focusing on how these histories impact people's cultural identity through traditions, culture, language, and politics. Scholars from all over the world analyze the process of communal identity construction – the feeling of belonging to one state or nation regardless of one's legal citizenship status – by focusing on case studies from North America, South America, Africa, and Europe. By analyzing the cultural and social aspects of community formation through language, religion, symbols, politics, race, and blood ties, these papers reveal that national identity, rather than being an inborn trait, is more often a result of the presence of common elements in the daily lives of individuals.

**In the Arms of Grace** Sep 06 2020 In the Arms of Grace is the powerful story of a modern woman warrior and her battle for physical, emotional and spiritual victory. As a Vietnamese and an American, she provides a link between the two nations through her life experiences. From her days as an orphan in Vietnam, when she sang and danced for American G.I.s, to her "ideal" life of having it all in the United States, LeChristine Hai constantly searched for love, security and belonging. Her "rags to riches" story shows the underside of the "American Dream." Enduring years of emotional and sexual abuse at the hands of her adoptive American father, LeChristine ultimately refuses to be a victim and transforms her life. She takes charge of her own life and becomes a successful business woman, only to discover that she still must confront the pain of abandonment in order to find true peace. When LeChristine Hai's soul search leads her to a reunion with her lost and found Vietnamese mother and sister, she comes full circle and learns how to heal the personal wars within. As she embraces her authentic self, she also opens her heart and

life to reveal the healing power of love and courage.

**The Oxford Dictionary of the Christian Church** May 03 2020

Uniquely authoritative and wide-ranging in its scope, The Oxford Dictionary of the Christian Church is the indispensable reference work on all aspects of the Christian Church. It contains over 6,500 cross-referenced A-Z entries, and offers unrivalled coverage of all aspects of this vast and often complex subject, from theology; churches and denominations; patristic scholarship; and the bible; to the church calendar and its organization; popes; archbishops; other church leaders; saints; and mystics. In this new edition, great efforts have been made to increase and strengthen coverage of non-Anglican denominations (for example non-Western European Christianity), as well as broadening the focus on Christianity and the history of churches in areas beyond Western Europe. In particular, there have been extensive additions with regards to the Christian Church in Asia, Africa, Latin America, North America, and Australasia. Significant updates have also been included on topics such as liturgy, Canon Law, recent international developments, non-Anglican missionary activity, and the increasingly important area of moral and pastoral theology, among many others. Since its first appearance in 1957, the ODCC has established itself as an essential resource for ordinands, clergy, and members of religious orders, and an invaluable tool for academics, teachers, and students of church history and theology, as well as for the general reader.

**Contesting Race and Citizenship** Apr 25 2022 Contesting Race and Citizenship is an original study of Black politics and varieties of political mobilization in Italy. Although there is extensive research on first-generation immigrants and refugees who traveled from Africa to Italy, there is little scholarship about the experiences of Black people who were born and raised in Italy. Camilla Hawthorne focuses on the ways Italians of African descent have become entangled with processes of redefining the legal, racial, cultural, and economic boundaries of Italy and by extension, of Europe itself. Contesting Race and Citizenship

opens discussions of the so-called migrant "crisis" by focusing on a generation of Black people who, although born or raised in Italy, have been thrust into the same racist, xenophobic political climate as the immigrants and refugees who are arriving in Europe from the African continent. Hawthorne traces not only mobilizations for national

citizenship but also the more capacious, transnational Black diasporic possibilities that emerge when activists confront the ethical and political limits of citizenship as a means for securing meaningful, lasting racial justice—possibilities that are based on shared critiques of the racial state and shared histories of racial capitalism and colonialism.
