Sociological Theory Apr 28 2022 Now with SAGE Publishing, and co-authored by one of the foremost authorities on sociological theory, the Tenth Edition of *Sociological Theory* by George Ritzer and Jeffrey Stepnisky gives readers a comprehensive overview of the major theorists and schools of sociological thought, from sociology's origins through the early 21st century. Key theories are integrated with biographical sketches of theorists, and are placed in their historical and intellectual context. This text helps students better understand the original works of classical and modern theorists, and enables them to compare and contrast the latest substantive concepts. New to this Edition Chapter 1 now includes a discussion of colonialism as one of the forces that shaped modern society. The "Historical Sketch" chapters contain new material on the historical significance of early women founders, and on the contributions of W.E.B. Du Bois. Chapters on Marx, Durkheim, Weber, and Simmel now conclude with sections on contemporary applications of ideas from these 19th century thinkers. A new chapter focuses theories of race, racism, and colonialism, as well as theories about indigenous peoples and theories from the "Global South" that challenge the work of scholars from Europe and North America. The concluding chapter has a new section on theories of prosumption, one of the newest developments in consumer theory. New material on colonization, women classical theorists, and race theory, as well as new timelines, added to history chapters.

Essentials of Sociology Oct 30 2019

Introduction to Sociology Jan 26 2022 An affordable, no-nonsense introduction to sociology for

today's students."

Race and Ethnic Relations: American and Global Perspectives Apr 16 2021 Reflecting the latest data and theoretical literature available, RACE AND ETHNIC RELATIONS: AMERICAN AND GLOBAL PERSPECTIVES, 10e tackles diversity issues from both the American and global perspective, offering an in-depth exploration of today's globally diverse world. The text's expansive coverage of race and ethnic relations across the globe highlights major points of difference and similarity between the United States and a number of other societies, as well as includes a unique case study comparing four different countries. This unique comparative approach is vital with the increasing ethnic diversity in most contemporary societies as well as the prominence of ethnic conflicts in virtually all world regions. Current statistics, figures, maps, and citations provide up-to-the-minute insight. The Tenth Edition also includes an all-new chapter devoted to Arab Americans. In addition, end-of-chapter critical-thinking questions encourage readers to think in a sociological mode and examine current issues using concepts presented in the text. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Sociology in Our Times: The Essentials Nov 23 2021 Current and relevant to today's students, SOCIOLOGY IN OUR TIMES: THE ESSENTIALS, 10th Edition presents the latest available data and new insights on behaviors, issues, and trends in our nation and world from a sociological perspective. The new edition of this bestselling text emphasizes the theme of social change and the ways in which media—particularly social media—and other forms of technology inevitably bring about new ways of living, interacting with others, or doing certain activities or task. New sections on social change have been added throughout the book, and the theme also appears in the “Sociology Works!” and “Media” features. “Sociology and Social Policy” boxes return to this edition, examining issues such as gun control, prevention of military suicides, and whether employers should be allowed to “spy” on their employees. First-person accounts of individuals' lived experiences draw students into the chapter content by illuminating topics that reflect the text's primary themes of diversity, the application of sociology to everyday life, global comparisons, media, and social change. New timely topics include environmental activism, immigration, bullying and social media, and same-sex marriage. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The Real World Apr 04 2020 "In every chapter, Ferris and Stein use examples from everyday life and pop culture to draw students into thinking sociologically and to show the relevance of sociology to their relationships, jobs, and future goals. Data Workshops in every chapter give students a chance to apply theoretical concepts to their personal lives and actually do sociology.

Sociology Mar 28 2022 This textbook provides a survey of sociology. As the scientific study of society, sociology is a social science which uses various methods of empirical investigation and critical analysis to develop a body of knowledge about human social activity. It focuses on the influence of our relationships around us and how they affect our behaviors and attitudes. The author approaches this subject with a desire to help students find and use sociology in everyday life.

Social Inequality Aug 21 2021 A user-friendly introduction to social inequality. This text is a broad introduction to the many types of inequality— economics, status, political power, sex and gender, sexual orientation, race, and ethnicity— in U.S. society and in a global setting. The author provides a wide range of explanations for inequality and, using the latest research on the multiple impacts of inequality, surveys in detail the personal and social consequences of social inequality. Learning Goals Upon completing this book, readers will be able to: Understand that inequality is multidimensional Understand that it is essential to understand the explanations of the various

forms of inequality in order to further a resolution to any inequality's undesirable consequences. Understand the discussion of inequality in its broader, historical, cultural, and international context.

Sociology Feb 24 2022 Three basic premises guide this highly successful introductory text - first that theory and research must be both comprehensive and clear, second that the text must show how sociology is relevant both to the study of society and to students' lives and third that sociology can play a valuable role in teaching critical thinking skills. To that end, this solid, well-respected text combines a balanced three-perspective approach with excellent student-oriented examples, and distinctive social policy sections in a concise presentation that offers an alternative to full-length books.

Sociology in Our Times Sep 21 2021 This best-selling comprehensive book conveys the relevance of sociology by presenting a timely collection of theories, research, and examples -- including its signature first-person accounts that open many chapters. These lived experiences are relevant to students and introduce themes that provide a framework for learning the chapter material. Kendall's vivid and inviting writing style, emphasis on applications, and eye for compelling current examples further highlight sociology's relevance to all students. Now in its eleventh edition, **SOCIOLOGY IN OUR TIMES** is acclaimed for being the first textbook to integrate race, class, and gender issues, and for its thorough presentation of sociological theory, including contemporary perspectives such as feminism and postmodernism. This edition focuses more on social/global change and on the contemporary world, presenting such current debates as bullying and social media abuse, digital-age methods to increase school attendance, food trucks and the spread of culture, modern slavery, and weight bias. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

LooseLeaf for Sociology: A Brief Introduction Mar 16 2021 **Sociology: A Brief Introduction** invites students to take sociology with them in their daily lives. This successful, student-friendly program includes strong coverage of race, ethnicity, and globalization. The approachable material encourages students to develop their sociological imaginations and start to think like a sociologist. Paired with Connect, a personal and adaptive learning experience, students learn to apply sociology's three theoretical frameworks to the world around them.

Cengage Advantage Books: Introduction to Sociology Sep 02 2022 Packed with current examples you can easily relate to, Tischler's **INTRODUCTION TO SOCIOLOGY, 11E** delivers comprehensive, up-to-date coverage in a succinct and affordable format. The author begins by equipping you with tools for success, including tips for how to read, study, and take tests more effectively. A built-in study guide and practice tests ensure thorough understanding. The text threads two basic ideas throughout: sociology is a rigorous, scientific discipline, and basic knowledge of sociology is essential for understanding social interaction in many work and social settings. With its streamlined 16 chapters, **INTRODUCTION TO SOCIOLOGY, 11E** delivers cutting-edge coverage that is concise yet thorough--and makes sociology completely accessible. Available with InfoTrac Student Collections <http://goengage.com/infotrac>. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Understanding Social Problems Dec 25 2021 This thoroughly revised edition of Mooney, Knox, and Schacht's text uses a theoretically balanced, student-centered approach to provide a comprehensive exploration of social problems. **UNDERSTANDING SOCIAL PROBLEMS, Tenth Edition**, progresses from a micro to macro level of analysis, focusing first on problems related to health care, drugs and alcohols, families, and crime, and then broadening to the larger issues of poverty and inequality, population growth, aging, environmental problems, and conflict.

around the world. The social problem in each chapter is framed in a global as well as a U.S. context. In addition, the three major theoretical perspectives are applied to the problem under discussion, and its consequences -- as well as alternative solutions -- are explored. Pedagogical features such as The Human Side and Self and Society enable students to grasp how social problems affect the lives of individuals and apply their understanding of social problems to their own lives. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Sociology: A Very Short Introduction Jan 14 2021 Drawing on studies of social class, crime and deviance, education, work in bureaucracies and changes in religious and political organizations, this Very Short Introduction explores the tension between the individual's place in society and society's role in shaping the individual, and demonstrates the value of sociology for understanding the modern world. In this new edition Steve Bruce discusses the continuing arguments for social egalitarianism, considering issues such as gay marriage, women in combat roles, and the 2010 Equality Act to debunk contemporary arguments against parity. As gender divisions are increasingly questioned he looks ahead to the likely consequences of this for society. Delving into the theory of sociology, Bruce also argues that the habit of dividing sociology into apparently competing 'sects' is misleading, and shows how a new understanding of the disciplinary background of many of the most famous theorists, which shows that much social theory is actually philosophy or literary theory, will prove useful to today's sociologists. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

Sociological Theory Jun 26 2019

Introduction to Social Problems May 18 2021

The Sociological Outlook Jan 02 2020 Provides a general and comprehensive overview of sociology - covering major theoretical schools, methods of research, substantive areas, and an analysis of social institutions - with a focus on institutions in the United States. This book examines contemporary issues in gender, race and ethnicity, and inequality.

Inside Sociology Aug 09 2020 This text offers the quality scholarship of Hughes and Kroehler's *Sociology: The Core* in a more condensed, more affordable form. Focusing on the essentials, *Inside Sociology* covers core sociological concepts in a clear, accessible, ten-chapter presentation. The authors apply the major sociological perspectives throughout the book, helping students develop their understanding of functionalism, conflict theory, and interactionism. Using sociological data, feature boxes, compelling chapter openers, cartoons, photos, and abundant real-world examples, *Inside Sociology* is designed to engage today's students.

Sociology in Our Times: The Essentials Dec 01 2019 The latest edition of *SOCIOLOGY IN OUR TIMES: THE ESSENTIALS* builds on the best of this popular text's previous editions while offering new chapter-opening first-person accounts of individuals lived experience and significantly updated coverage, learning tools, and opportunities for students to apply what they learn and make a difference in their own communities. Compelling examples, a vivid writing style, and chapter themes grounded in social issues already familiar to students hold students' interest and engage their sociological imaginations as they learn the concepts, theories, and research that comprise sociology today. A vibrant new interior design and an exciting collection of new videos with assignable activities complement the texts' new coverage of timely topics such as health care legislation, the U.S. and global economies, Barack Obama's presidency, and the BP oil spill in the Gulf of Mexico. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Criminology Jun 06 2020 This highly acclaimed criminology text presents an up-to-date review of rational choice theories, including deterrence, shaming, and routine activities. It also incorporates current examples of deterrence research regarding domestic violence, drunk driving, and capital punishment, and features thought-provoking discussion of the relativity of crime. The authors explore the crime problem, its context, and causes of crime. The organization of the text reflects the fact that the etiology of crime must be at the heart of criminology. It examines contemporary efforts to redefine crime by focusing on family violence, hate crimes, white-collar misconduct with violent consequences, and other forms of human behavior often neglected by criminologists. Extensive discussion of evolving laws is included, and while the prevalence of the scientific method in the field of criminology is highlighted, the impact of ideology on explanations of crime is the cornerstone of the book. Comprehensive introductory textbook that looks at competing answers to the question, "Why do people commit crimes?" Student-friendly figures, features, highlights, and full-color photos. Each chapter includes learning objectives, discussion questions, and lists of key terms and concepts, key criminologists, and important legal cases. The eighth edition includes updates throughout and expanded coverage of biosocial theories of crime and life-course criminology.

The Sociological Outlook Jul 08 2020

Sociology: The Essentials Nov 04 2022 SOCIOLOGY: THE ESSENTIALS, Tenth Edition, uses the theme of debunking myths to look behind the facades of everyday life, challenge common assumptions, and help students develop critical thinking skills as well as better understand how society is constructed and sustained. This thorough yet streamlined text employs a reader-friendly presentation and manageable structure, while maintaining a strong focus on sociology concepts, methods, and research. Updated throughout with coverage of the latest findings, trends, and themes, the text provides exceptional coverage of diversity, including social factors such as age, religion, sexual orientation, and region of residence in addition to race, ethnicity, class, and gender. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Discover Sociology Oct 23 2021 The authors are proud sponsors of the 2020 SAGE Keith Roberts Teaching Innovations Award—enabling graduate students and early career faculty to attend the annual ASA pre-conference teaching and learning workshop. What key social forces construct and transform our lives as individuals and as members of society? How does our social world shape us? How do we shape our world? Discover Sociology presents sociology as a discipline of curious minds. The authors inspire curiosity about the social world and empower students by providing the theoretical, conceptual, and empirical tools they need to understand, analyze, and even change the world in which they live. Organized around four main themes—The Sociological Imagination, Power and Inequality, Technological Transformations of Society, and Globalization—the book illuminates the social roots of diverse phenomena and institutions, ranging from poverty and deviance to capitalism and the nuclear family. "Behind the Numbers" features illustrate the practical side of sociology and shows students how to be critical consumers of social science data reported in the media. And every chapter addresses the question, "What can I do with a sociology degree?" by linking the knowledge and skills acquired through studying sociology with specific jobs and career paths. Sociology Jun 30 2022 SOCIOLOGY: DISCOVERING SOCIETY, 2nd provides comprehensive coverage of sociology in an affordable, paperback format. With research studies in every chapter and boxes that portray sociologists at work, it will especially appeal to sociology professors who value a quantitative, research-methodology-oriented approach. Instead of presenting every possible theory for each issue, Stockard's streamlined approach pulls in theories only when they appropriately relate to the issue at hand. This integrated approach produces a text that reads more smoothly than the overly-encyclopedic, heavily-interrupted narratives of other texts.

Society Oct 11 2020 ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Sociology Oct 03 2022

Introduction to Sociology Dec 13 2020 Comprehensive and engaging, this textbook introduces students not only to foundational sociological work, but also to insights from contemporary sociological theory and research. This combined approach ensures that students become familiar with the core of sociology: key concepts, theories, perspectives, methods, and findings. Students will acquire the ability to think like a sociologist, investigate and understand complex social phenomena. This text presents a complete sociological toolkit, guiding students in the art of asking good sociological questions, devising a sophisticated theory and developing methodologies to observe social phenomena. The chapters of this book build cumulatively to equip students with the tools to quickly understand any new sociological topic or contemporary social problem. The textbook also applies the sociological toolkit to selected key sociological issues, showing how specific sociological topics can be easily investigated and understood using this approach. Taking a global and comparative perspective, the book covers a rich diversity of sociological topics and social problems, such as crime, immigration, race and ethnicity, media, education, family, organizations, gender, poverty, modernization and religion. The book presents a range of helpful pedagogical features throughout, such as: Chapter overview and learning goals summaries at the start of every chapter; Thinking like a sociologist boxes, encouraging students to reflect critically on learning points; Principle boxes, summarizing key sociological principles; Theory schema boxes, presenting sociological theories in a clear, understandable manner; Stylized facts highlighting key empirical findings and patterns; Key concepts and summary sections at the end of every chapter; and Companion website providing additional material for every chapter for both instructors and students, including PowerPoint lecture notes, discussion questions and answers, multiple-choice questions, further reading and a full glossary of terms. This clear and accessible text is essential reading for students taking introductory courses in sociology. It will also be useful for undergraduate and graduate courses in other social science disciplines, such as psychology, economics, human geography, demography, communication studies, education sciences, political science and criminology.

Introduction to Sociology 2e Jun 18 2021 Introduction to Sociology 2e adheres to the scope and sequence of a typical, one-semester introductory sociology course. It offers comprehensive coverage of core concepts, foundational scholars, and emerging theories, which are supported by a wealth of engaging learning materials. The textbook presents detailed section reviews with rich questions, discussions that help students apply their knowledge, and features that draw learners into the discipline in meaningful ways. The second edition retains the book's conceptual organization, aligning to most courses, and has been significantly updated to reflect the latest research and provide examples most relevant to today's students. In order to help instructors transition to the revised version, the 2e changes are described within the preface. The images in

this textbook are grayscale. Authors include: Heather Griffiths, Nathan Keirns, Eric Strayer, Susan Cody-Rydzewski, Gail Scaramuzzo, Tommy Sadler, Sally Vyain, Jeff Bry, Faye Jones
Visual Sociology Feb 01 2020 This text discusses a variety of approaches in visual sociology, including exemplars that connect visual sociology to the history of documentary, photojournalism and art photography.

Social Problems May 06 2020 A sociological understanding of social problems. Social Problems: A Down to Earth Approach, 11/e is a theoretically balanced text that provides the latest research and a consistent structure to help students analyze critical social problems facing the United States. The author presents both sides of an argument with a neutral voice and uses a "down-to-earth" writing style. By using this text, not only do students gain a sociological understanding of social problems, but also they are able to explore and evaluate their own opinions about specific social problems. They will gain a greater awareness of the social forces that shape their orientations to social problems and their perspectives on social life. The ideas in this book penetrate students' thinking and help give shape to their views of the world. MySocLab for Social Problems features an engaging student experience including an interactive eText, the New Core Concepts Video Series, the New Social Explorer. Teaching & Learning Experience Personalize Learning – MySocLab is an online homework, tutorial, and assessment program. It helps students prepare for class and instructor gauge individual and class performance. Improve Critical Thinking – Thinking Critically About the Chapter – At the end of each chapter are several questions designed to help students evaluate what they have read. These questions also lend themselves well for stimulating class discussions. Engage Students –Opening Vignette – Intended to arouse student interest in the social problem and to stimulate the desire to read more, this brief opening story presents essential elements of the social problem. Explore Research –Spotlight on Research boxes – Major researchers in social problems share an insider's perspective of how they became interested in a social problem and how they did their research Explore Theory – The three basic theories – Symbolic interaction theory, functional theory, and conflict theory— are introduced early in the text; giving students the opportunity to immediately grasp the differences of these theories. Support Instructors – MySocLab, Instructor's eText, Instructor's Manual, Test Item File, Electronic "MyTest" Test Bank, PowerPoint Presentation Slides, and Pearson Custom course material are available. Note: MySocLab does not come automatically packaged with this text. To purchase MySocLab, please visit: www.mysoclab.com or you can purchase a ValuePack of the text + NEW MySocLab (at no additional cost): ValuePack ISBN-10: 0205965121 / ValuePack ISBN-13: 9780205965120.

The McDonaldization of Society Nov 11 2020 The book that made "McDonaldization" part of the lexicon of contemporary sociological theory, read by hundreds of thousands of students, is now in its Tenth Edition! George Ritzer's seminal work of critical sociology, The McDonaldization of Society, continues to stand as one of the pillars of modern sociological thought. Building on the argument that the fast food restaurant has become the model for the rationalization process today, this book links theory to contemporary life in a globalized world. Ritzer opens our eyes to many current issues and shows how McDonaldization's principles—efficiency, calculability, predictability, and control—have been applied to other sectors of American society and throughout the world. This new edition continues to shift its focus to how we experience McDonaldization online, the new locus of production and consumption in the digital age.
