[Mirza Ghalib](#) Aug 01 2022 This book has the unique distinction of presenting, in one compendious volume, the best of Ghalib in poetry and prose. It contains 104 ghazals, seven miscellaneous poems, and a bouquet of sixty-eight selected letters, besides a few striking couplets and qitas. The ghazals and poems are first given in the original form in calligraphic Urdu. This is followed, on the opposite page, by their English translation, couched in a language that is simple, lucid and rhythmical. The ghazals and poems have also been provided with a transliterated version in the Roman script. This should enable the non-Urdu-knowing reader to have a feel and flavour of the Urdu text. In addition, the book contains a critical-cum-biographical introduction which is comprehensive, well-documented, and insightful. It is hoped that the book will receive a welcome response from the lovers of Ghalib, who was an outstanding poet fit to rank with the greatest poets of the world, and a precious part of our cultural heritage.

First Urdu English Language Picture Dictionary Learning Books Children Dec 25 2021 Research shows that learning a second language boosts problem-solving, critical thinking, and listening skills, in addition to improving memory, concentration, and the ability to multitask. Children proficient in other languages also show signs of enhanced creativity and mental flexibility. There is a "critical period" or "window of opportunity" when children learn languages best. Studies have shown that this is when children are between birth and six years old. The younger children are, the easier they will learn a second language. As they get older that ability diminishes. These easy and fun flashcards aim to help parents as a useful educational tool for kids to learn a new language. All images include the words in both English and the second language in clear, bold text. Suitable for toddlers on their own or in groups, these books are a child's perfect introduction to exploring new languages.
