Captain Arsenio: Inventions and (Mis)adventures in Flight Nov 08 2020 Captain Arsenio was a curious man who liked, more than anything, to tinker and explore. One day in 1782, he decided that he would put his unusual skills to work in a most ambitious way: he would build a flying machine. Despite a hodgepodge of materials (and a total unawareness of the laws of physics), Captain Arsenio aimed to get his feet off the ground and his head in the clouds--temporarily, at least. But would any of his crazy inventions ever achieve flight? In this hilarious fictional account, Pablo Bernasconi imagines a legend in the making--a retired cheesemaker and scuba diver turned inventor who sets off to fly with the birds, in spite of himself.

The Smoke Thieves have discovered that demon smoke is not only an illegal drug used for pleasure, but in fact, when taken by children, demon smoke briefly gives its users super-human strength. Aloysius' plan is simple and brutal: kill the demons for their smoke, and use that smoke to build an unstoppable army of children to take over Pitoria, Calidor, and then the rest of the world. The Smoke Thieves are the only ones who understand this plan--but can they stop it? Catherine, Aloysius' daughter, is seen as a traitor from all sides; Tash is heartbroken after the loss of her one friend and sees nothing left for her in the human world; Edyon is wanted for murder; March is carrying the secret of his betrayal of his new love; Ambrose is out for revenge--and all the while, the demons have plans of their own...

The Perfect First Apr 25 2022 "How long do you last in bed?" Those were her first words to me, swiftly followed up with, "And how big would you say you are?" Cue the record scratching, what?! Persephone Alexander. Math genius. Lover of blazers. The only girl I know who can make Heidi braids look sexy as hell. And she's on a mission. Lose her virginity by the end of the semester. I walked in on her interview session for potential candidates (who even does that?) and saw straight through her brave front. She's got a list of Firsts to accomplish like she's only got months to live. I've decided to be her guide for all her firsts except one. Someone's got to keep her out of trouble. I have one rule, no sex. We even shook on it. I'll help her find the right guy for the job. Someone like her doesn't need someone like me and my massive...baggage for her first time. Drinking at a bar. Check. Partying all night. Double check. Skinny dipping. Triple check. She's unlike anyone I've ever met. The walls I'd put up around my heart are slowly crumbling with each touch that sets fire to my soul. I'm the first to bend the rules. One electrifying kiss changes everything and suddenly I don't want to be her first, I want to be her only. But her plan was written before I came onto the scene and now I'm determined to get her to re-write her future with me.

Angels and Archangels in Reiki Practice Jun 23 2019 Haripriya's connection with the angels began a decade back, when they helped her cope with the passing on of her grandmother and helped remove a lot of fear and dark energy. Thereafter, she has communicated with the angels at crucial moments in life and expressed her deepest feelings to them. Not only did they listen, but they also responded with unconditional love by sending help in the form of people or altered circumstances. This book is written from such a place of unconditional love. The kindness and wisdom that are present in each story are empowering the readers to grow spiritually, to rediscover their inner strength and the connection to the divine angels. The gift of Reiki, the universal life force energy which helps us heal ourselves and others and connect to our true divine nature, has strengthened the connection and made the communication easier, clearer, and more powerful. The stories and techniques shown here are part of a long term collaboration with the Reiki portal Reiki Rays, and can be found in the archives of their website. The book is a compilation of the Haripriya's most appreciated articles, arranged in a way that flows naturally and makes for an easy and inspiring lecture. To fully understand and to be able to apply the techniques described in this book, the reader should already be introduced to the healing magic of Reiki.

La otra lectura Aug 30 2022 La otra lectura llena un espacio escasamente abordado en nuestro país. Esa B"otra lecturaB" en los libros para niños y jóvenes habla de la imagen, de la imagen y el texto y de ambas como un todo. El lugar del ilustrador de libros para chicos, como dice el propio Istvan fue y sigue siendo en algunos casos subvalorado, cuando no excluido. Su ojo lleva al lector a B"aprender a mirarB": desde los paratextos de un libro, hasta las técnicas utilizadas en las ilustraciones, pasando por un profundo análisis de distintas imágenes de autores e ilustradores argentinos y universales, con total objetividad. Se detiene especialmente en la palabra B"autorB," ya que considera que crear ilustraciones es una B"autoríaB," como la del escritor. Se regocija en la investigación de las imágenes incluidas en el libro, dando lugar al lector al aprendizaje de esa otra lectura, a veces simple y a veces miniaturista: la importancia de la tipografía, por ejemplo, deja entrever que un libro es un todo donde no escapa siquiera el tamaño y la forma de las letras. IncurSIONa en el tratamiento que la escuela debería accionar para B"leerB" un libro ilustrado, teniendo en cuenta la desinformación de los adultos sobre la ilustración en los libros para niños. En particular se dirige a los docentes de grado, al docente de plástica y al de lengua y literatura. Y como si esto fuera poco, el libro contiene un pliego color para que el lector recorte B"figuritasB" y las pegue dentro del libro tal como se menciona en la introducción.

Wasted Beauty Mar 01 2020 With his dark wit and corrosive dialogue, Eric Bogosian tells a powerful and emotionally wrenching tale of two lovers who form a mesmerizing and destructive bond while trying to evade the looming failure of their respective lives. Reba runs away from her shabby and desolate rural community for the lure of

New York City. Her tall and awkward frame lands her work modeling, but she is not prepared for the glamorous, drug-fueled life of a celebrated mannequin. After a series of painful relationships, she sees hope and an exit toward stability and sanity in the man who saves her brother's life. This man is Rick, a successful SoHo general practitioner with a warm family and an idyllic life that has left him restless and hollow. He doesn't take Reba seriously until he finds himself so enmeshed in her beauty that he risks losing everything--his home, his children and his beloved wife. Now this master monologist and author of the acclaimed *Mall* returns with a sprawling novel of urban desperation and desire that brings to mind the winding narratives of Tom Wolfe salted with the dark urges of Philip Roth. The New York Times hailed Eric Bogosian's fiction as "caustic, fast-paced....Adapting himself to fiction with...the same garrulous intensity he brings to plays and monologues, Mr. Bogosian sets in motion a suburban nightmare." And Entertainment Weekly has lauded his "merciless satirical vision (that) takes you deep into the dark heart of the American dream." *Wasted Beauty* is Bogosian's enthralling journey through the high life of drugs and fashion celebrity, middle-class guilt and sexual obsession.

Willy the Dreamer Jul 05 2020 Willy loves to dream. He dreams that he's a film star, a sumo wrestler, a ballet dancer, a painter, an explorer, a famous writer, a scuba diver... Sometimes he dreams that he can't run but he can fly. He dreams he's a giant or he's tiny, a beggar or a king, in a strange landscape or all at sea. He dreams of fierce monsters and super heroes, of the past and, sometimes, the future. Willy's dreamland is a gallery of amazing and magical pictures, each one magnificently executed and packed with bananas and slyly surreal details that cannot fail to intrigue and delight. The pictures pay homage to famous paintings by the likes of Dalí, Magritte and Henri Rousseau, as well as film and book characters and much more.

Priests and Politicians Nov 20 2021 "For five thousand years the politician and the priest have been in the same business." In this provocative volume, Osho invites us to look through his microscope and examine not only the profound influence of religion and politics in society, but also its influence in our inner world. To the extent we have internalized and adopted as our own the values and belief systems of the "powers that be," he says, we have boxed ourselves in, imprisoned ourselves, and tragically crippled our vision of what is possible. From Occupy Wall Street to the Arab Spring, from the election of the first Black president in the United States to the appointment of a new pope who promises to use St. Francis of Assisi as a role model (following endless scandals involving child abuse) the roles of priests and politicians in our public life have recently captured the attention of our times, often just initiating another round of hope and subsequent disillusionment. In other words, wittingly or unwittingly, we keep digging ourselves deeper into the mess we are in. A new kind of world is possible – but only if we understand clearly how the old has functioned up to now. And, based on that understanding, take the responsibility and the courage to become a new kind of human being. "You have to be aware who the real criminals are. The problem is that those criminals are thought to be great leaders, sages, saints, mahatmas. So I have to expose all these people because they are the causes. For example, it is easier to understand that perhaps politicians are the causes of many problems: wars, murders, massacres, burning people. It is more difficult when it comes to religious leaders, because nobody has raised his hand against them. They have remained respectable for centuries, and as time goes on their respectability goes on growing. The most difficult job for me is to make you aware that these people – knowingly or unknowingly, that does not matter – have created this world."

Education by Stone Sep 06 2020 Imagine making poems the way an architect designs buildings or an engineer builds bridges. Such was the ambition of João Cabral de Melo Neto. Though a great admirer of the thing-rich poetries of Francis Ponge and of Marianne Moore, what interested him even more, as he remarked in his acceptance speech for the 1992 Neustadt International Prize for Literature, was "the exploration of the materiality of words," the "rigorous construction of (. . .) lucid objects of language." His poetry, hard as stone and light as air, is like no other.
