With a free, comprehensive online collection of practical resources, this book shows you how to: Develop the right vision, relationships, and culture to create and sustain change Model learning-inquiry cycles for action teams for success Build loyalty, trust, and responsibility within your teams and across the school

Groups at Work Jan 12 2021 This book has two purposes. First, it is fundamentally about groups at work, both as they attempt to accomplish their goals and as they operate in organizational settings. Second, it draws together group researchers from social psychological and organizational studies. Each chapter focuses on a central issue regarding groups as they work and examines that issue by drawing from both social psychological and organizational research. Thus, this book centers on the convergence and divergence of these two fields.

The objective of ICEMMS2014 is to provide a platform for researchers, engineers, academicians as well as industrial professionals from all over the wo

Financial Promise for the Poor May 04 2020 * Balanced assessment of recent savings-led programs in microfinance * Contributors include wide range of scholars and practitioners The entry of the private sector into financial services for the poor is a relatively new development, but already the glossy promises of credit-led microfinance are facing scrutiny from the development community.

Policymakers and economists have begun picking through the hype of microfinance to identify where and how top-down loans might fit into broader human development efforts. To many, the answer involves shifting focus to another financial service: savings. Serving as a strong and perhaps more effective tool than microcredit, microsavings is quickly becoming a lauded poverty-alleviation tool. Contributors to *Financial Promise for the Poor* cover current innovations in microsavings happening around the world. They describe how savings group members in the developing world are avoiding many of the financial liabilities and debt of other microfinance programs while gaining skills and finding opportunities in collective enterprise. The turn from credit to savings speaks to the growing empowerment of individuals and communities as they break the bonds of indebtedness and find their own paths to financial security.

Tribal Leadership Aug 31 2022 “Tribal Leadership gives amazingly insightful perspective on how people interact and succeed. I learned about myself and learned lessons I will carry with me and reflect on for the rest of my life.” —John W. Fanning, Founding Chairman and CEO napster Inc. “An unusually nuanced view of high-performance cultures.” —Inc. Within each corporation are anywhere

from a few to hundreds of separate tribes. In *Tribal Leadership*, Dave Logan, John King, and Halee Fischer-Wright demonstrate how these tribes develop—and show you how to assess them and lead them to maximize productivity and growth. A business management book like no other, *Tribal Leadership* is an essential tool to help managers and business leaders take better control of their organizations by utilizing the unique characteristics of the tribes that exist within.

Learn how easy it is to start a GRG Leadership Program at your school or in your community. Train inspiring teen girls to become GRG leaders. Build a positive community of girls helping girls!

Building a Church of Small Groups Nov 02 2022 Church Should Be the Last Place Where Anyone Stands Alone Our hearts were made for deep, authentic relationships. For community. And like nothing else, small groups provide the kind of life-giving community that builds and empowers the body of Christ and impacts the world. At Willow Creek Community Church, small groups are so important that they define the core organizational strategy. Willow Creek has gone from being a church with small groups to being a church of small groups. Sharing insights from that transition, its two chief architects tell how your church---whatever its size and circumstances---can become a place where people of all ages can experience powerful, transforming community. Part one presents the

theological, sociological, and organizational underpinnings of small groups. You'll discover why they are so vital to church health. Part two moves you from vision to practice. Part three shows you how to identify, recruit, train, and support group leaders. And part four helps you deal with the critical process of change as your church develops its small group ministry. 'Bill Donahue and Russ Robinson have not just thought and read and talked about community. They have rolled up their sleeves and devoted their vocational lives to figuring out how to actually help make it happen with real-life people in a real-life church.' ---John Ortberg, author, *If You Want to Walk on Water, Get Out of the Boat*

Creating Community Oct 09 2020 Five keys to building a small group culture that fosters meaningful, lasting connections within your church community. Small groups are the key to impacting lives in your church. But a healthy small-group environment doesn't just happen. So pull up a chair. Let's talk about how to make it happen. Bill Willits and bestselling author Andy Stanley share their successful approach, which has resulted in nearly eight thousand adults becoming involved in small groups at North Point Community Church in Atlanta. Simply put, the five principles have passed the test. This is not just another book about community; this is a book about strategy—strategy that builds a small group culture. *Creating Community* shares clear and simple principles to help people connect into meaningful relationships. The kind that God desires for each of us and that He uses to change our lives. Put this proven method to work in your ministry and enjoy the tangible results—God's people

doing life TOGETHER. “The small-group program at North Point Community Church is not an appendage; it is not a program we tacked on to an existing structure. It is part of our lifestyle. We think groups. We organize groups. We are driven by groups. Creating Community contains our blueprint for success. And I believe it has the potential power to revolutionize your own small-group ministry!” — Andy Stanley

Building Small Groups Dec 31 2019

Prosocial May 28 2022 A groundbreaking, comprehensive program for designing effective and socially equitable groups of all sizes—from businesses and social justice groups to global organizations. Whether you work in business or schools, volunteer in neighborhoods or church organizations, or are involved in social justice and activism, you understand the enormous power of groups to enact powerful and lasting change in the world. But how exactly do you design, build, and sustain effective groups? Based on the work of Nobel Prize winning economist Elinor Ostrom and grounded in contextual behavioral science, evolutionary science, and acceptance and commitment therapy (ACT), Prosocial presents a practical, step-by-step approach to help you energize and strengthen your business or organization. Using the Prosocial model, you’ll learn to design groups that are more harmonious, have better member or employee retention, have better relationships with other groups or business partners, and have more success and longevity. Most importantly, you’ll learn to target the characteristics that foster cooperation and collaboration—key ingredients for any effective group.

The Journal of Abnormal Psychology and Social Psychology Apr 14 2021

Nine Keys to Effective Small Group Leadership May 16 2021 A survey of resources about small groups at the beginning of the 1990s led to a discovery: Many books on small groups carried an instructional content and touched on groups as instrumental in delivery of that specific subject matter. How a leader was to function relative to a group was discussed as a matter of how to manage an instructional hour. The potential of groups for making connections and building community and serving others was largely unrecognized. What a group leader might do to pull together and maintain a group, or how a group leader might become acknowledged as part of a larger leadership strategy for service and outreach was simply unaddressed. From the insights developed in his complex and widely recommended *Prepare Your Church for the Future*, best-selling author Carl George extracts the most basic, practical elements of how an individual leader can contribute to the well-being of others and the overall organization. He interprets the role of a group leader in language that is easily understood and remembered: nine commitments leading to a partnership with professional church leaders. Pastors and church consultants consistently report that the people exposed to these nine keys are easy to work with. They readily grasp the reasonableness of the principles, which help them be trustworthy team players in this matter of shared ministry. From the forward, by Robert Coleman, Director of the Billy Graham Institute: "This book speaks to our need for practical leadership training. With profound simplicity, it describes how small groups grow through loving relationships as readers build up one another in the faith. More importantly, the reader learn ways to prepare yourself for leadership in the group. The sequential steps show readers how to bring others into the circle of love, and in the process, how to enlarge your outreach by multiplying disciple makers." This 2007 edition includes an updated

Appendix, describing recent developments in the fi

The Emerging Church Revised & Expanded Aug 26 2019 In this newly revised and expanded edition of *The Emerging Church*, Bruce Sanguin continues his exploration of the characteristics of emerging, evolutionary-driven congregations that provides updated guidelines and advice to those seeking to effect evolutionary change in their own contexts.

The Horn of Africa Jul 26 2019 The Horn of Africa is a deeply troubled region engulfed in three interlocking crises. The first is a security crisis characterized by a range of devastating inter-state and inter-communal conflicts, including civil wars. The second is an economic crisis, evidenced by widespread debilitating poverty, chronic food insecurity, and frequent cycles of famines. The effects of the third - environmental - crisis are all too visible in the droughts, deforestation and desertification ravaging the region. What is more, these three crises are mutually reinforcing locking the region into a cycle of disaster. Conflicts contribute to poverty, which in turn intensifies environmental degradation, leading to scarcities which fuel further conflicts. In this clear and authoritative guide, Kidane Mengisteab explores the key drivers of instability in the Horn of Africa, suggesting structural and institutional changes that - if implemented - could help lift the region out of crisis. The Horn's complex crises must be tackled in a comprehensive manner. But, he contends, this can only be achieved if the causes of conflict are addressed head-on. Without peace, the region cannot resolve its economic problems, and nor can it develop the capabilities required to cope with environmental change. *The Horn of Africa* will be essential reading for students and scholars in conflict and security studies, as well as anyone with an interest in learning more about the dynamics of this troubled region

How to Build a Small-Groups Ministry Jul 30 2022 Provides twelve steps for planning, implementing, administering, and evaluating a small group ministry

Kindergarten Review Oct 21 2021

Building a Life-Changing Small Group Ministry Oct 01 2022 Like nothing else, small groups have the power to change lives. They are the ideal route to discipleship—a place where the rubber of biblical truth meets the road of human relationships. However, church leaders often feel at a loss when it comes to assessing the strengths and weaknesses of group life in a church, and they struggle with understanding and solving the root causes of problems. Group Life resources provide, in ebook format, the practical tools and training resources needed to develop life-changing small group leaders, coaches to shepherd group leaders, and ultimately, a thriving church-wide small group ministry. These resources include the updated and revised versions of the best-selling *Leading Life-Changing Small Groups* and *Coaching Life-Changing Small Group Leaders*, the new *Building a Life-Changing Small Group Ministry* and the supplemental *Group Life Training DVD*. Appropriate for individual or group study, the books function as manuals and workbooks that teach and allow readers to process and record information as they learn. Downloadable web-based vision clips and supplemental videos in the DVD help readers explore and discuss topics further. Group Life Resources conveniently integrate with the ReGroup™ curriculum, giving trainers the option to use them together. Bill Donahue and Russ Robinson's *Building a Life-Changing Small Group Ministry* presents a broad introduction for pastors and point leaders to use as they navigate through the process of establishing and developing independent groups or a church-wide ministry of small groups.
