**The Flat Earth as Key to Decrypt the Book of Enoch** Dec 25 2021 Shortly after accepting the flat earth as a model for the world, I decided to revisit the Book of the Courses of the Heavenly Luminaries to see if my new understanding would somehow mirror what Enoch was sharing as a motion for the sun and moon. As I began to read chapters 71-82, I found to my utter amazement that I was able to grasp those passages. I knew then that the vision that the angel Uriel had shown to Enoch could only be deciphered if one were to imagine Enoch's description of the revolution of the sun and the moon. As seen from above the flat circular plane of the earth as described by Isaiah; and that Enoch must have been taken up to perhaps where Polaris is, centered directly above the North Pole, and while looking down at the backdrop of the earth, was instructed on the motions of both the sun and moon. Without such conception, it is in my opinion impossible to apply these descriptions to the model of the earth as a spherical planet.

**Firmament: Vaulted Dome of the Earth** Apr 04 2020 While researching information for the publication of my 9th book The Flat Earth As Key To Decrypt The Book Of Enoch, I was led to understanding that not only does the Bible support premise that the earth is a flat circular plane but that it is covered by the firmament as a solid transparent dome like canopy. This led me to revisit the canonical and extra Biblical texts such as The Book Of Enoch, The Book Of Jasher,

The Book Of Jubilees, and myriad others, to see if not only did they affirm such idea but if they contained other little known insight which might expound upon this matter in some detailed manner. This book is the end result of that search and compilation of all of those source references. And because I include in this study much extra Biblical material which few are familiar with, I doubt one will be able to find a more complete investigation of the firmament as topic than that which is presented here. **Without Form and Void** Mar 28 2022 Considered a classic in Christian apologetics, this scholarly analysis of the Biblical phrase "without form and void," from the opening chapter of Genesis, observes the rules of linguistics, of grammar and syntax, and also examines how words are used in the rest of Scripture. This book has been described as the best argument that has ever been written for the Gap Theory. A well respected Canadian scientist himself, and listed in the 1971 American Men in Science, Dr. Custance contends that we should not allow science to determine what Scripture says. Neither should we allow Scripture to determine what the scientist observes in the laboratory. Yet observed fact in the one cannot, ultimately, conflict with revealed fact in the other. Any conflict, then, is in the interpretation of the facts - not in the facts themselves.

The Penguin History of New Zealand Dec 13 2020 New Zealand was the last country in the world to be discovered and settled by humankind. It was also the first to introduce full democracy. Between those events, and in the century that followed the franchise, the movements and the conflicts of human history have been played out more intensively and more rapidly in New Zealand than anywhere else on Earth. The Penguin History of New Zealand, a new book for a new century, tells that story in all its colour and drama. The narrative that emerges is an inclusive one about men and women, Maori and Pakeha. It shows that British motives in colonising New Zealand were essentially humane; and that Maori, far from being passive victims of a 'fatal impact', coped heroically with colonisation and survived by selectively accepting and adapting what Western technology and culture had to offer. This book, a triumphant fruit of careful research, wide reading and judicious assessment, was an unprecedented best-seller from the time of its first publication in 2003.

**Earth's Earliest Ages** Nov 04 2022 "The influences of the Spirit of God are even now in process of withdrawal, as He prepares for that departure from earth which will leave it open for Nephilim, seven fold worse than those who formerly dwelt in it, to enter, and for a short season to work their will upon the human race; Then will all the Nephilim, who are yet at liberty, be among men, and will quickly make them feel the meaning of that awful utterance, 'Woe to the inhabitants of the earth and of the sea! for the Devil is come down unto you, having great wrath, because he knoweth that he hath but a short time.'" G.H. Pember As far back as the beginning of time and within every major culture of the ancient world,

the astonishingly consistent story is told of gods who descended from heaven and materialized in bodies of flesh. From Rome to Greece and before that, to Egypt, Persia, Assyria, Babylonia, and Sumer the earliest records of civilization tell of the era when powerful beings known to the Hebrews as Watchers and in the book of Genesis as the b'nai ha Elohim ('sons of God') mingled themselves with humans, giving birth to part-celestial, part-terrestrial hybrids known as 'Nephilim.' When English theologian George Hawkins Pember, in his 1876 masterpiece, *Earth's Earliest Ages*, analyzed the prophecy of Jesus Christ in Matthew 24 that says the end times would be a repeat of 'the days of Noah,' he concluded the final and most fearful sign heralding the Lord's Second Coming would be the return of the 'Nephilim, the appearance upon earth of beings from the Principality of the Air, and their unlawful intercourse with the human race.' Jesus Himself, in answering His disciples concerning the signs of His coming and of the end of the world, verified it would be 'as the days of [Noah] were' (Matthew 24:37). The implication is, just as it was before the Flood when the spirits of Nephilim were powerful upon earth (Genesis 6:4), mankind would experience an end-times renaissance of the influence of these entities. Does a curious verse in the book of Daniel validate Pember's thesis? Speaking of the last days of human government, Daniel said: 'They shall mingle themselves with the seed of men: but they shall not cleave one to another, even as iron is not mixed with clay' (Daniel 2:43). While Daniel does not explain who 'they' that 'mingle themselves with the seed of men' are, the personal pronoun 'they' raises questions over what (or who) in the end times 'mingle with the seed of men?' Who are these non-seed? It staggers the mind to contemplate how the same phenomenon that occurred in Genesis chapter 6, where nonhuman species or 'nonseed' mingled with human seed and produced Nephilim could happen again in the end times. Yet when this verse from Daniel is coupled with Genesis 3:15, which says, 'And I will put enmity between thee and the woman, and between thy seed [zera, meaning 'offspring,' 'descendants,' or 'children'] and her seed,' an incredible tenet emerges that Satan has seed, that it is at enmity with Christ, and that it is set to return in these last days. Has the time of their coming arrived?

**Earth's Earliest Ages** Oct 03 2022 Written in the late 19th century,

G.H. Pember's *Earth's Earliest Ages* is a book that might possibly be even more relevant in the 21st century. In *Ages*, Pember presciently observes the decline of Godly fear in society that was predicted in the Bible. Pember details seven points by which Christians can discern the relentless march of prophetic events leading to the rapture of the Church, the Great Tribulation, and the return of Jesus Christ. The seven signs as presented in the book are: I. A tendency to worship God as Elohim, that is, merely as the Creator and Benefactor, and not as Jehovah the covenant God of mercy, dealing with transgressors who are appointed to destruction, and finding a ransom for them. II. An undue prominence of the female sex, and a disregard of the primal law of marriage. III. A rapid progress in the mechanical arts, and the consequent invention of many devices whereby the hardships of the curse were mitigated, and life was rendered more easy and indulgent. Also a proficiency in the fine arts, which captivated the minds of men, and helped to induce an entire oblivion of God. IV. An alliance between the nominal Church and the World, which speedily resulted in a complete amalgamation. V. A vast increase of population. VI. The rejection of the preaching of Enoch, whose warnings thus became a savour of death unto the world, and hardened men beyond recovery. VII. The appearance upon earth of beings from the Principality of the Air, and their unlawful intercourse with the human race. The Christian reader will be challenged and encouraged by comparing Pember's theories with the reality of today's world. The reader will realize that the time is short. We are to be about the Lord's work as the Lord is returning soon. Are you ready?

**W. Arthur Lewis and the Birth of Development Economics** Jun 06 2020 W. Arthur Lewis was one of the foremost intellectuals, economists, and political activists of the twentieth century. In this book, the first intellectual biography of Lewis, Robert Tignor traces Lewis's life from its beginnings on the small island of St. Lucia to Lewis's arrival at Princeton University in the early 1960s. A chronicle of Lewis's unflinching efforts to promote racial justice and decolonization, it provides a history of development economics as seen through the life of one of its most important founders. If there were a record for the number of "firsts" achieved by one man during his lifetime, Lewis would be a contender. He was the first black professor in a British university and also at Princeton University and the first person of African descent to win a Nobel Prize in a field other than literature or peace. His writings, which included his book *The Theory of Economic Growth*, were among the first to describe the field of development economics. Quickly gaining the attention of the leadership of colonized territories, he helped develop blueprints for the changing relationship between the former colonies and

their former rulers. He made significant contributions to Ghana's quest for economic growth and the West Indies' desire to create a first-class institution of higher learning serving all of the Anglophone territories in the Caribbean. This book, based on Lewis's personal papers, provides a new view of this renowned economist and his impact on economic growth in the twentieth century. It will intrigue not only students of development economics but also anyone interested in colonialism and decolonization, and justice for the poor in third-world countries.

**Understanding End Times Prophecy** Aug 28 2019 Many Christians think of end times prophecy as a gigantic, intimidating puzzle -- difficult to piece together and impossible to figure out. But every puzzle can be solved if you approach it the right way. Paul Benware compares prophecy to a picture puzzle. Putting the edge pieces together first builds the 'framework' that makes it easier to fit the other pieces in their place. According to Benware, the framework for eschatology is the biblical covenants. He begins his comprehensive survey by explaining the major covenants. Then he discusses several different interpretations of end times prophecy. Benware digs into the details of the Rapture, the Great Tribulation, the judgements and resurrections, and the millennial kingdom. But he also adds a unique, personal element to the study, answering questions as: -Why study bible prophecy? -What difference does it make if I'm premillennial or amillennial? If what the Bible says about the future puzzles you, *Understanding End Times Prophecy* will help you put together the pieces and see the big picture.

**An American Sunrise: Poems** Feb 01 2020 A stunning new volume from the first Native American Poet Laureate of the United States, informed by her tribal history and connection to the land. In the early

1800s, the Mvskoke people were forcibly removed from their original lands east of the Mississippi to Indian Territory, which is now part of Oklahoma. Two hundred years later, Joy Harjo returns to her family's lands and opens a dialogue with history. In *An American Sunrise*, Harjo finds blessings in the abundance of her homeland and confronts the site where her people, and other indigenous families, essentially disappeared. From her memory of her mother's death, to her beginnings in the native rights movement, to the fresh road with her beloved, Harjo's personal life intertwines with tribal histories to create a space for renewed beginnings. Her poems sing of beauty and survival, illuminating a spirituality that connects her to her ancestors and thrums with the quiet anger of living in the ruins of injustice. A descendent of storytellers and "one of our finest—and most complicated—poets" (Los Angeles Review of Books), Joy Harjo continues her legacy with this latest powerful collection.

**The Book of Jasher** Sep 21 2021 According to some sources, this book was once the original start of the Bible. We do know at one time that it was once part of the Bible, being referred to in Joshua and Second Samuel. It also survived the burning of the Alexandria Library in about 389 AD due to a fast acting custodian. Albinus Alcuin later found this work and did the original translation of it from Hebrew in 800 AD. It was later suppressed but rediscovered in 1829, when it was once again suppressed. Only now has it reemerged to become widely available and judged properly for its value. Note: A more common 64 page version is in circulation, but is a proven forgery.

**The Cowkeeper's Wish** Aug 09 2020 In the 1840s, a young cowkeeper and his wife arrive in London, England, having walked from coastal Wales with their cattle. They hope to escape poverty, but instead they plunge deeper into it, and the family, ensconced in one of London's "black holes," remains mired there for generations. The Cowkeeper's Wish follows the couple's descendants in and out of slum housing, bleak workhouses and insane asylums, through tragic deaths, marital strife and war. Nearly a hundred years later, their great-granddaughter finds herself in an altogether different London, in southern Ontario. In The

Cowkeeper's Wish, Kristen den Hartog and Tracy Kasaboski trace their ancestors' path to Canada, using a single family's saga to give meaningful context to a fascinating period in history—Victorian and then Edwardian England, the First World War and the Depression. Beginning with little more than enthusiasm, a collection of yellowed photographs and a family tree, the sisters scoured archives and old newspapers, tracked down streets, pubs and factories that no longer exist, and searched out secrets buried in crumbling ledgers, building on the fragments that remained of family tales. While this family story is distinct, it is also typical, and so all the more worth telling. As a working-class chronicle stitched into history, *The Cowkeeper's Wish* offers a vibrant, absorbing look at the past that will captivate genealogy enthusiasts and readers of history alike.

*No Angel* May 18 2021 With the publication of *No Angel*, a novel introducing the engaging cast of characters in the Lytton family, Overlook opens a thrilling new dimension to this author's already illustrious career. *No Angel* is an irresistibly sweeping saga of power, family politics, and passion—a riveting drama and a fervent love story. Celia Lytton is the beautiful and strong-willed daughter of wealthy aristocrats and she is used to getting her way. She moves through life making difficult and often dangerous decisions that affect herself and others—her husband, Oliver, and their children; the destitute Sylvia Miller, whose life is transformed by Celia's intrusion; as well as Oliver's daunting elder sister, who is not all she appears to be; and Sebastian Brooke, for whom Celia makes the most dangerous decision of all. Set against the tumultuous backdrop of London and New York in the First World War, *No Angel* is, as *British Good Housekeeping* wrote, “an absorbing page-turner, packed with believable characters and satisfyingly extreme villains, eccentrics, and manipulators.” Readers of Maeve Binchy, Barbara Taylor Bradford, and Anita Shreve will fall in love with this epic, un-put-downable novel.

**Crazy Brave: A Memoir** May 06 2020 A “raw and honest” (Los Angeles Review of Books) memoir from the first Native American Poet Laureate of the United States. In this transcendent memoir, grounded in tribal myth and ancestry, music and poetry, Joy Harjo details her journey to becoming a poet. Born in Oklahoma, the end place of the Trail of

Tears, Harjo grew up learning to dodge an abusive stepfather by finding shelter in her imagination, a deep spiritual life, and connection with the natural world. Narrating the complexities of betrayal and love, *Crazy Brave* is a haunting, visionary memoir about family and the breaking apart necessary in finding a voice.

**Adam's Ancestors** Oct 23 2021 He reveals how what began as biblical criticism became a theological apologetic to reconcile religion with science—evolution in particular—and was later used to support arguments for white supremacy and segregation. From heresy to orthodoxy, from radicalism to conservatism, from humanitarianism to racism, *Adam's Ancestors* tells an intriguing tale of twists and turns in the cultural politics surrounding the age-old question, "Where did we come from?"

*The Art of Storytelling* Dec 01 2019 Can you captivate an audience with your story? Many of us would love to hold the attention of a crowd, a classroom, or just a group of our friends by telling them a great story. We have felt the pressure of a public presentation or the disappointment of telling a story that others ignore. We are ready to be heard, ready to captivate. In *The Art of Storytelling*, John Walsh takes us through the steps to presenting a compelling story—outlining the strategies that helped him move from stutterer to storyteller. This book will help any person with a story to share by walking you through all aspects of presentation . . . from what to do with your hands as you speak all the way to crafting a killer ending. Whether you're telling bedtime stories to your children or Bible stories to a congregation, this book will take your storytelling to a new level.

**Unformed and Unfilled** Jan 02 2020 Everyone's heard of it. Many believe it. Is there a 'gap in time' between the first two verses in Genesis? Does this alleged gap really represent a vast amount of time? Weston Fields' classic treatment of this subject is now being published by Master Books, and promoted by such important organisations as Answers in Genesis. In this book, Fields makes a detailed study of the gap theory, paying particular attention to the Hebrew of Genesis. His conclusion -- that this theory is not a reasonable compromise with modern evolutionary theory, but a dangerous diversion from biblical truth -- helps readers who struggle with the question of the time taken during the

creation week. Was it really six days? Can Christians find a workable solution to the debate about creation and time? An important book. Features: A presentation of a variety of views espoused by Christians of all denominations; A professional, scholarly look that can be easily understood by laymen; A fascinating study of the original Hebrew text. The Latent Power of the Soul Sep 29 2019 "For the word of God is living, and active, and sharper than any two-edged sword, and piercing even to the dividing of soul and spirit, of both joints and marrow, and quick to discover the thoughts and intents of the heart" (Heb. 4:12). The peril of the believer is to confuse the spirit for the soul and the soul for the spirit, and so be deceived into accepting the counterfeit of evil spirits to the unsettling of God's work. The greatest advantage in knowing the difference between spirit and soul is perceiving the latent power of the soul and in understanding its falsification of the power of the Holy Spirit. Such knowledge is not theoretical but practical in helping people to walk in God's way. In this book, Watchman Nee shares his insight on The Latent Power of The Soul, The Christian and Psychic Force, and Spirit Force vs Psychic Force. Nowadays the atmosphere is so charged with the commotion of all kinds of counterfeit that the Lord seems to be calling the Church to come to a higher ground. Today's situation is perilous. May we "prove all things; hold fast that which is good" (1Thes. 5:21)

**The Waterworks** Sep 09 2020 “An elegant page-turner of nineteenth-century detective fiction.” –The Washington Post Book World One rainy morning in 1871 in lower Manhattan, Martin Pemberton a freelance writer, sees in a passing stagecoach several elderly men, one of whom he recognizes as his supposedly dead and buried father. While trying to unravel the mystery, Pemberton disappears, sending McIlvaine, his employer, the editor of an evening paper, in pursuit of the truth behind his freelancer’s fate. Layer by layer, McIlvaine reveals a modern metropolis surging with primordial urges and sins, where the Tweed Ring operates the city for its own profit and a conspicuously self-satisfied nouveau-riche ignores the poverty and squalor that surrounds them. In E. L. Doctorow’s skilled hands, *The Waterworks* becomes, in the words of *The New York Times*, “a dark moral tale . . . an eloquently troubling evocation of our past.” “Startling and spellbinding . . . The waters that lave the narrative all run to the great confluence, where the deepest issues of life and death are borne along on the swift, sure vessel of [Doctorow’s] poetic imagination.” –*The New York Times* Book Review “Hypnotic . . . a dazzling romp, an extraordinary read, given strength and grace by the telling, by the poetic voice and controlled cynical lyricism of its streetwise and world-weary narrator.” –*The Philadelphia Inquirer* “A gem of a novel, intimate as chamber music . . . a thriller guaranteed to leave readers with residual chills and shudders.” –*Boston Sunday Herald* “Enthralling . . . a story of debauchery and redemption that is spellbinding from first page to last.” –*Chicago Sun-Times* “An immense, extraordinary achievement.” –*San Francisco Chronicle*

*Reversing Hermon* Jan 14 2021 *Reversing Hermon* is a groundbreaking work. It unveils what most in the modern Church have never heard regarding how the story of the sin of the Watchers in 1 Enoch 6-16 helped frame the mission of Jesus, the messiah. Jews of the first century expected the messiah to reverse the impact of the Watchers' transgression. For Jews of Jesus' day, the Watchers were part of the explanation for why the world was so profoundly depraved. The messiah

would not just revoke the claim of Satan on human souls and estrangement from God, solving the predicament of the Fall. He would also not only bring the nations back into relationship with the true God by defeating the principalities and powers that governed them. Jews also believed that the messiah would rescue humanity from self-destruction, the catalyst for which was the sin of the Watchers and the influence of what they had taught humankind. The role of Enoch's retelling of Genesis 6:1-4 in how New Testament writers wrote of Jesus and the cross has been largely lost to a modern audience. Reversing Hermon rectifies that situation. Topics include: \* How the ancient Mesopotamian story of the apkallu aligns with Gen 6:1-4, was preserved in 1 Enoch, and sets the stage for the theme of reversing the evil of the Watchers\* How the theme of reversing the transgression of the Watchers colors the gospel accounts of the birth of Jesus, his genealogy, and his ministry.\* How the writings of Peter and Paul allude to the sin of the Watchers and present Jesus as overturning the disastrous effects of their sins against humanity.\* How the descriptions of the antichrist, the end-times Day of the Lord, and the final judgment connect to Genesis 6 and the nephilim. Though every topic addressed in Reversing Hermon can be found in scholarly academic literature, Reversing Hermon is the first book to gather this information and make it accessible to Bible students everywhere.
