*Proceedings of the Friends' General Conference Dec 12 2020
Rules of Civility & Decent Behavior In Company and Conversation Jul 27 2019 Rules of Civility & Decent Behavior In Company and Conversation began as a school exercise in 1744 for George Washington, who became the first president of the United States of America. Washington copied a translation of these rules by Francis Hawkins', which was first published in England around 1640. The majority of the 110 rules originated from a French etiquette*

manual written in 1959 by the Jesuits, who were members of the Society of Jesus, a Roman Catholic order of men noted for educational, charitable and missionary works and teachings.

George Washington and the Irish Jan 13 2021 Discover the untold story of the vital role the Irish played in the American Revolution. George Washington changed the world and saved democracy by defeating the British during the American War of Independence. The Irish role in the American Revolution, the war for the ages, has never been correctly reported. Because many of the Irish who fought were poor and illiterate and left no memoirs, their stories and role have never been told. Until now. The Irish played a huge role in the American Revolution, not just on the battlefield but also in the field hospitals and in the framing of the Declaration of Independence. Learn the story of the famous spy Hercules Mulligan, who saved George Washington's life on two occasions and who was famously portrayed by Okieriete Onaodowan in Lin-Manuel Miranda's smash hit Hamilton. Discover the story of Edward Hoban, a carpenter from Ireland who Washington tasked with building the most famous residence in the world: the White House. Niall O'Dowd, author of *Lincoln and the Irish* and *A New Ireland*, takes readers on a journey into the unexplored contributions of the Irish in the American Revolution and behind the scenes of the relationships of some of those men and women with the first president of the United States. These unsung heroes of the American Revolution have never gotten their due, never had their story told, until now, in *George Washington and the Irish*.

Master of War Sep 01 2022 In this revelatory, dynamic biography, one of our finest historians, Benson Bobrick, profiles George H. Thomas, arguing that he was the greatest and most successful general of the Civil War. Because Thomas didn't live to write his memoirs, his reputation has been largely shaped by others, most notably Ulysses S. Grant and William Tecumseh Sherman, two generals with whom Thomas served and who, Bobrick says, diminished his successes in their favor in their own memoirs. Born in Virginia, Thomas survived Nat Turner's rebellion as a boy, then studied at West Point, where Sherman was a classmate. Thomas distinguished himself in the Mexican War and then returned to West Point as an instructor. When the Civil War broke out, Thomas remained loyal to the Union, unlike fellow Virginia-born officer Robert E. Lee (among others). He compiled an outstanding record as an officer in battles at Mill Springs, Perryville, and Stones River. At the Battle of Chickamauga, Thomas, at the time a corps commander, held the center of the Union line under a ferocious assault, then rallied the troops on Horseshoe Ridge to prevent a Confederate rout of the Union army. His extraordinary performance there earned him the nickname "The Rock of Chickamauga." Promoted to command of the Army of the Cumberland, he led his army in a stunning Union victory at the Battle of Chattanooga. Thomas supported Sherman on his march through Georgia in the spring of 1864, winning an important victory at the Battle of Peachtree Creek. As Sherman continued on his March to the Sea, Thomas returned to Tennessee and in the battle of Nashville destroyed the army of Confederate General John Bell Hood. It was one of the most decisive victories of the war, and Thomas won it even as Grant was on his way to remove Thomas from his command. (When Grant discovered the magnitude of Thomas's victory, he quickly changed his mind.) Thomas died of a stroke in 1870 while still on active duty. In the entire Civil War, he never lost a battle or a movement. Throughout his career, Thomas was methodical and careful, and always prepared. Unlike Grant at Shiloh, he was never surprised by an enemy. Unlike Sherman, he never panicked in battle but always remained calm and focused. He was derided by both men as "Slow Trot Thomas," but as Bobrick shows in this brilliant biography, he was quick to analyze every situation and always knew what to do and when to do it. He was not colorful like Grant

and Sherman, but he was widely admired by his peers, and some, such as Grant's favorite cavalry commander, General James H. Wilson, thought Thomas the peer of any general in either army. He was the only Union commander to destroy two Confederate armies in the field. Although historians of the Civil War have always regarded Thomas highly, he has never captured the public imagination, perhaps because he has lacked an outstanding biographer -- until now. This informed, judicious, and lucid biography at last gives Thomas his due.

Revolutionary Friends Nov 03 2022 Young fans of the smash Broadway hit "Hamilton" will enjoy this narrative nonfiction picture book story about the important friendship between George Washington and the Marquis de Lafayette during the Revolutionary War. Lafayette has come to America to offer his services to the patriotic cause. Inexperienced but dedicated, he is a much-needed ally and not only earns a military position with the Continental Army but also Washington's respect and admiration. This picture book presents the human side of history, revealing the bond between two famous Revolutionary figures. Both the author and illustrator worked with experts and primary sources to represent both patriots and the war accurately and fairly. Help you to handle complaints, avoid arguments, keep your human contacts smooth and pleasant. Make you a better speaker, a more entertaining conversationalist. Make the principles of psychology easy for you to apply in your daily contacts. Help you to arouse enthusiasm among your associates. Dale Carnegie (1888-1955) was an American writer and lecturer and the developer of famous courses in self-improvement, salesmanship, corporate training, public speaking, and interpersonal skills. Born into poverty on a farm in Missouri, he was the author of *How to Win Friends and Influence People* (1936), a massive bestseller that remains popular today.

Meade at Gettysburg Sep 28 2019 Although he took command of the Army of the Potomac only three days before the first shots were fired at Gettysburg, Union general George G. Meade guided his forces to victory in the Civil War's most pivotal battle. Commentators often dismiss Meade when discussing the great leaders of the Civil War. But in this long-anticipated book, Kent Masterson Brown draws on an expansive archive to reappraise Meade's leadership during the Battle of Gettysburg. Using Meade's published and unpublished papers alongside diaries, letters, and memoirs of fellow officers and enlisted men, Brown highlights how Meade's rapid advance of the army to Gettysburg on July 1, his tactical control and coordination of the army in the desperate fighting on July 2, and his determination to hold his positions on July 3 insured victory. Brown argues that supply deficiencies, brought about by the army's unexpected need to advance to Gettysburg, were crippling. In spite of that, Meade pursued

Lee's retreating army rapidly, and his decision not to blindly attack Lee's formidable defenses near Williamsport on July 13 was entirely correct in spite of subsequent harsh criticism. Combining compelling narrative with incisive analysis, this finely rendered work of military history deepens our understanding of the Army of the Potomac as well as the machinations of the Gettysburg Campaign, restoring Meade to his rightful place in the Gettysburg narrative.

George Washington Aug 08 2020 When it comes to the Founding Fathers, Thomas Jefferson, Benjamin Franklin, and Alexander Hamilton are generally considered the great minds of early America. George Washington, instead, is toasted with accolades regarding his solid common sense and strength in battle. Indeed, John Adams once snobbishly dismissed him as "too illiterate, unlearned, unread for his station and reputation." Yet Adams, as well as the majority of the men who knew Washington in his life, were unaware of his singular devotion to self-improvement. Based on a comprehensive amount of research at the Library of Congress, the collections at Mount Vernon, and rare book archives scattered across the country, Kevin J. Hayes corrects this misconception and reconstructs in vivid detail the active intellectual life that has gone largely unnoticed in conventional narratives of Washington. Despite being a lifelong reader, Washington felt an acute sense of embarrassment about his relative lack of formal education and cultural sophistication, and in this sparkling literary biography, Hayes illustrates just how tirelessly Washington worked to improve. Beginning with the primers, forgotten periodicals, conduct books, and classic eighteenth-century novels such as Tom Jones that shaped Washington's early life, Hayes studies Washington's letters and journals, charting the many ways the books of his upbringing affected decisions before and during the Revolutionary War. The final section of the book covers the voluminous reading that occurred during Washington's presidency and his retirement at Mount Vernon. Throughout, Hayes examines Washington's writing as well as his reading, from *The Journal of Major George Washington* through his Farewell Address. The sheer breadth of titles under review here allow readers to glimpse Washington's views on foreign policy, economics, the law, art, slavery, marriage, and religion-and how those views shaped the young nation.. Ultimately, this sharply written biography offers a fresh perspective on America's Father, uncovering the ideas that shaped his intellectual journey and, subsequently, the development of America.

General Patton's Best Friend Dec 24 2021

George and His Nighttime Friends Sep 20 2021 Join George and his adorable nighttime friends as they brave the dark together and learn how to overcome personal fears together. Curled up in his warm bed, George cannot go to sleep. The darkness that surrounds him almost chases his dreams away entirely until a little mouse appears. As they walk from room to room, the pair meet other new friends, including a mole in the library who guards the books and a penguin in the bathroom that is terrified of water. After sharing what they're each afraid of, together they help one another overcome their fears, ending the evening with a magical feast! Following her vivid and delicate illustrations for the Miyuki books, Seng Soun Ratanavanh applies the same stunning level of detail in *Night Friends*, illuminating the night and reminding young readers how important it is to dream.

George Washington's Socks Oct 10 2020 While enjoying a innocent lakeside campout, five modern-day children are transported back in time to the days of George Washington and other American Revolutionary figures. Reprint.

The Life of General Hugh Mercer Mar 27 2022 A biography of one of the more well-known Generals of the American Revolution, the life of General Hugh Mercer is outlined here from his birth through his death at the Battle of Princeton. This volume is richly illustrated with important

places in the life of Mercer.

Meet George Washington Jul 19 2021 This valiant story of how young George Washington was drawn into his country's struggle for independence gives readers a vivid perspective on a crucial era in American history--and on the life of a revolutionary hero.

Curious George and Friends Apr 27 2022 Curious George and Friends: Favorite Stories by Margret and H. A. Rey features eight classic stories by the creators of Curious George. The book opens with an introduction called "Memories of the Reys" by Margaret Bloy Graham, the illustrator of the popular Harry the Dirty Dog and other books about Harry. Graham was a long-time friend and neighbor of Hans and Margret Rey. Throughout their lives the Reys created many lively books together. The character for whom the author-illustrator team became best known, Curious George, arrived as one of many monkey children in Cecily G. and the Nine Monkeys, Hans's first book for children. Encouraged by their publisher and children throughout the world, the Reys continued with more books about Curious George. In the meantime, the Reys published a number of books showcasing their creative talents and their rare, immediate connection with childhood. These books feature characters, all with their own personalities, and a few with resemblances to George. Whether they come to you as new friends or old, they are sure to entertain children's book lovers everywhere.

Washington's Farewell Address to the People of the United States, 1796 Jan 31 2020

George Frideric Handel: A Life with Friends Nov 30 2019 During his lifetime, the sounds of Handel's music reached from court to theater, echoed in cathedrals, and filled crowded taverns, but the man himself—known to most as the composer of Messiah—is a bit of a mystery. Though he took meticulous care of his musical manuscripts and even provided for their preservation on his death, very little of an intimate nature survives. One document—Handel's will—offers us a narrow window into his personal life. In it, he remembers not only family and close colleagues but also neighborhood friends. In search of the private man behind the public figure, Ellen T. Harris has spent years tracking down the letters, diaries, personal accounts, legal cases, and other documents connected to these bequests. The result is a tightly woven tapestry of London in the first half of the eighteenth century, one that interlaces vibrant descriptions of Handel's music with stories of loyalty, cunning, and betrayal. With this wholly new approach, Harris has achieved something greater than biography. Layering the interconnecting stories of Handel's friends like the subjects and countersubjects of a fugue, Harris introduces us to an ambitious, shrewd, generous, brilliant, and flawed man, hiding in full view behind his public persona.

The Strategy of Victory May 29 2022 A sweeping and insightful grand strategic overview of the American Revolution, highlighting Washington's role in orchestrating victory and creating the US Army Led by the Continental Congress, the Americans almost lost the war for independence because their military thinking was badly muddled. Following the victory in 1775 at Bunker Hill, patriot leaders were convinced that the key to victory was the home-grown militia--local men defending their families and homes. But the flush of early victory soon turned into a bitter reality as the British routed Americans fleeing New York. General George Washington knew that having and maintaining an army of professional soldiers was the only way to win independence. As he fought bitterly with the leaders in Congress over the creation of a regular army, he patiently waited until his new army was ready for pitched battle. His first opportunity came late in 1776, following his surprise crossing of the Delaware River. In New Jersey, the strategy of victory was about to unfold. In The Strategy of Victory, preeminent historian Thomas Fleming examines the battles that created American independence,

revealing how the creation of a professional army worked on the battlefield to secure victory, independence, and a lasting peace for the young nation.

George and Martha Rise and Shine Aug 27 2019 Five brief episodes about two friends, George and Martha, who happen to be hippopotamuses.

Our Friends the Saints Feb 11 2021

The Last Best Friend Jul 07 2020 Classic thriller fiction written in the Golden Age of Murder "Sims takes the reader on a journey to a long-gone world where entire streets of London were devoted to the trade of rare books—items valuable enough to attract the most nefarious of mobsters." —Publishers Weekly "The small man standing on the narrow ledge stared fixedly forward with eyes made wide and blank by terror." At 2pm on a Monday in 1966, Ned Balfour wakes in Corsica beside a beautiful woman. In the same instant, back in London, fellow art dealer and Dachau survivor Sam Weiss falls ten stories to his death. Ned refuses to believe that Sam's death was intentional, and his investigation thrusts him into the deceit and fraudulence of the art world, where he unmasks more than one respectable face. First published in 1967, this thrilling tale of vertigo, suspicion and infidelity is a long-forgotten classic with an intriguing plot twist.

The life of George Washington Nov 10 2020

Finding George Washington Oct 29 2019 On a freezing night in 1778, General George Washington vanishes. Walking away from the Valley Forge encampment, he takes a fall and is knocked unconscious, only to reappear at a dog park on San Francisco Bay-in the summer of 2014. Washington befriends two Berkeley twenty-somethings who help him cope with the astonishing-and often comical-surprises of the twenty-first century. Washington's absence from Valley Forge, however, is not without serious consequences. As the world rapidly devolves around them-and their beloved Giants fight to salvage a disappointing season-George, Tim, and Matt are catapulted on a race across America to find a way to get George back to 1778. Equal parts time travel tale, thriller, and baseball saga, Finding George Washington is a gripping, humorous, and entertaining look at what happens when past and present collide in the 9th inning, with the bases loaded and no one warming up in the bullpen.

The Life of General George Monck Aug 20 2021 General George Monck is famous for the key role he played in the restoration of the monarchy in 1660. His actions changed the course of British history, but his statesmanship in the dangerous time between the death of Cromwell and the bloodless return of Charles II distracts attention from his extraordinary career as a soldier and general, admiral, governor and administrator. During the confused, often bloody era of the English Civil Wars and the Protectorate he was one of the great survivors. Peter Reese, in this perceptive new study, follows Monck through his long, varied career, from his impoverished upbringing in the West Country and his military apprenticeship on the Continent, to his experience as a commander on both sides during the civil wars. He distinguished himself on the battlefields of Ireland and Scotland, and as a general-at-sea for both Cromwell and Charles II. His shrewdness and firmness of character, his skill as a leader, his high popularity with his troops and his occasional ruthlessness gained for him a formidable reputation. On Cromwell's death he was one of the few men in England with the power, personal authority and political skill to secure the restoration of Charles II and to bring to an end twenty years of conflict.

The Wit & Wisdom of General George S. Patton Mar 03 2020 The wit and wisdom of one of our greatest military leaders in a compact, highly readable edition! TABLE OF CONTENTS Introduction Soldier's Testament Patton's Letter to His Son on D-Day Patton on Leadership

Patton on God & the Bible Patton on Conviction & Decision Patton on Courage & Fear Patton on Discipline Patton on Health Patton on Success Letters by George S. Patton I don't know what a Philadelphia lawyer might say, but I know what I mean by Country. It is the Constitution! 'Just the greatest document ever written by man' according to an English Prime Minister. You know why we serve the Constitution? Simple! Recall what you said when you got your first commission or got a promotion. You take an oath to God 'to support the Constitution against all enemies foreign and domestic.' We are fighting for our great Constitution. We are not fighting for any man, president, senator, congressman nor potentate. This is what I mean by Country.
--General George S. Patton

Custer's Trials May 05 2020 Winner of the 2016 Pulitzer Prize for History From the winner of two Pulitzer Prizes and a National Book Award, a brilliant biography of Gen. George Armstrong Custer that radically changes our view of the man and his turbulent times. In this magisterial biography, T. J. Stiles paints a portrait of Custer both deeply personal and sweeping in scope, proving how much of Custer's legacy has been ignored. He demolishes Custer's historical caricature, revealing a volatile, contradictory, intense person—capable yet insecure, intelligent yet bigoted, passionate yet self-destructive, a romantic individualist at odds with the institution of the military (he was court-martialed twice in six years). The key to understanding Custer, Stiles writes, is keeping in mind that he lived on a frontier in time. In the Civil War, the West, and many areas overlooked in previous biographies, Custer helped to create modern America, but he could never adapt to it. He freed countless slaves yet rejected new civil rights laws. He proved his heroism but missed the dark reality of war for so many others. A talented combat leader, he struggled as a manager in the West. He tried to make a fortune on Wall Street yet never connected with the new corporate economy. Native Americans fascinated him, but he could not see them as fully human. A popular writer, he remained apart from Ambrose Bierce, Mark Twain, and other rising intellectuals. During Custer's lifetime, Americans saw their world remade. His admirers saw him as the embodiment of the nation's gallant youth, of all that they were losing; his detractors despised him for resisting a more complex and promising future. Intimate, dramatic, and provocative, this biography captures the larger story of the changing nation in Custer's tumultuous marriage to his highly educated wife, Libbie; their complicated relationship with Eliza Brown, the forceful black woman who ran their household; as well as his battles and expeditions. It casts surprising new light on a near-mythic American figure, a man both widely known and little understood.

General George Crook His Autobiography Apr 03 2020 This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

George, Being George Feb 23 2022 Contributors include Harold Bloom, Jules Feiffer, John

Guare, Norman Mailer, Peter Matthiessen, Maggie Paley, Richard Price, James Salter, Robert Silvers, William Styron, Gay Talese, Calvin Trillin, Gore Vidal, and 200 other Plimpton intimates Norman Mailer said that George Plimpton was the best-loved man in New York. This book is the party that was George's life—and it's a big one—attended by scores of famous people, as well as lesser-known intimates and acquaintances. They talk about his life: its privileged beginnings, its wild and triumphant middle, its brave, sad end. They say that George was a man of many parts: the “last gentleman,” founder and first editor of *The Paris Review*, the graceful writer who brought the New Journalism to sports, and Everyman's proxy boxer, trapeze artist, stand-up comic, Western movie villain, and *Playboy* centerfold photographer. George's last years were awesome, truly so. His greatest gift was to be a blessing to others—not all, truth be told—and that gift ended only with his death. But his parties, if this is one, need never end at all.

George Washington's First War Jun 05 2020 Renowned historian David A. Clary studies George Washington's early military career as a young colonel during the French and Indian War, and how those campaigns influenced his leadership and strategy as a general during the Revolutionary War and as the first president of the newly formed United States of America. The searing, formative military adventures of the inexperienced boy colonel of the French and Indian War who grew up to become one of the great soldier-statesmen of his age. George Washington wasn't born a military leader. He became one the hard way—through trial and error and perseverance at a very early age and in the most trying circumstances imaginable. From the massacre of a French diplomatic party by soldiers under his command (thereby starting a world war), to his surrendering of Fort Mifflin to the British, to his leading a harrowing retreat of British troops under fire, we see Washington learn the lessons of command. *George Washington's First War* is a story told in vivid language, combining dramatic depictions of battle with the anxieties and frustrations of an adolescent who's not yet a great man. Readers learn of harrowing ordeals in the wilderness, the hitherto little explored role played by the Indian nations whose continent this was, and the epic clash of empires that all combined to turn the young Washington into the great commander and president of his age.

Adopted Son Mar 15 2021 A critical analysis of the unique friendship between American general George Washington and the young French Marquis de Lafayette describes how their bond resulted in extraordinary success on the battlefield and in diplomatic circles, aided an American victory in the Revolutionary War, and paved the way for the French Revolution. Reprint. 30,000 first printing.

Rock of Chickamauga Jun 17 2021 General George H. Thomas, the “Rock of Chickamauga” of the history books, was a Virginian who chose the northern side in the Civil War. While Thomas was considered a traitor by his family, his military superiors regarded him with a certain mistrust because of his southern background. Nonetheless, Thomas was prominent in the battles of Mill Springs, Shiloh, Corinth, Perryville, and Nashville, and was immortalized at Chickamauga, where he tenaciously held the field until ordered to withdraw.

General George Crook Jun 29 2022 General George Crook spent his entire military career, with the exception of the Civil War years, on the frontier. Fighting the Indians, he earned the distinction of being the lowest-ranking West Point cadet ever to rise to the rank of major-general. Crook's autobiography covers the period from his graduation from West Point in 1852 to June 18, 1876, the day after the famous Battle of the Rosebud. Editor Martin F. Schmitt has supplemented Crook's life story with other material from the general's diaries and letters and from contemporary newspapers. “When Red Cloud, the Sioux chief, heard of the death of his

old antagonist, the Army officer they called Three Stars, he told a missionary, 'He, at least, never lied to us.' General Sherman called Crook the greatest Indian fighter and manager the Army ever had. Yet this man who was the most effective campaigner against the Indians had won their respect and trust. To understand why, you ought to read General George Crook: His Autobiography, edited and annotated by Martin F. Schmitt."—Los Angeles Times "A story straightforward, accurate, and interesting, packed with detail and saturated with a strong western flavor.... The importance of this book lies not merely in its considerable contribution to our knowledge of military history and to the intimate and sometimes trenchant remarks made by Crook about his colleagues, but more particularly in the revelation of the character and aims of the general himself."—Chicago Tribune

General George Washington Oct 02 2022 "The most comprehensive and authoritative study of Washington's military career ever written." —Joseph J. Ellis, author of His Excellency: George Washington Based largely on George Washington's personal papers, this engrossing book paints a vivid, factual portrait of Washington the soldier. An expert in military history, Edward Lengel demonstrates that the "secret" to Washington's excellence lay in his completeness, in how he united the military, political, and personal skills necessary to lead a nation in war and peace. Despite being an "imperfect commander"—and at times even a tactically suspect one—Washington nevertheless possessed the requisite combination of vision, integrity, talents, and good fortune to lead America to victory in its war for independence. At once informative and engaging, and filled with some eye-opening revelations about Washington, the American Revolution, and the very nature of military command, General George Washington is a book that reintroduces readers to a figure many think they already know. "The book's balanced assessment of Washington is satisfying and thought-provoking. Lengel gives us a believable Washington . . . the most admired man of his generation by far." —The Washington Post Book World "A compelling picture of a man who was 'the archetypal American soldier' . . . The sum of his parts was the greatness of Washington." —The Boston Globe "[An] excellent book . . . fresh insights . . . If you have room on your bookshelf for only one book on the Revolution, this may be it." —The Washington Times

Our Country Friends Sep 08 2020 NEW YORK TIMES BESTSELLER • GOOD MORNING AMERICA BUZZ PICK • ONE OF THE BEST BOOKS OF THE YEAR: The New York Times Book Review, Financial Times, The Washington Post, Time, Los Angeles Times, New York Post, Town & Country, Good Housekeeping, Kirkus Reviews "A perfect novel for these times and all times, the single textual artifact from the pandemic era I would place in a time capsule as a representation of all that is good and true and beautiful about literature."—Molly Young, The New York Times (Editors' Choice) Eight friends, one country house, and six months in isolation—a novel about love, friendship, family, and betrayal hailed as a "virtuoso performance" (USA Today) and "an homage to Chekhov with four romances and a finale that will break your heart" (The Washington Post) In the rolling hills of upstate New York, a group of friends and friends-of-friends gathers in a country house to wait out the pandemic. Over the next six months, new friendships and romances will take hold, while old betrayals will emerge, forcing each character to reevaluate whom they love and what matters most. The unlikely cast of characters includes a Russian-born novelist; his Russian-born psychiatrist wife; their precocious child obsessed with K-pop; a struggling Indian American writer; a wildly successful Korean American app developer; a global dandy with three passports; a Southern flamethrower of an essayist; and a movie star, the Actor, whose arrival upsets the equilibrium of this chosen family. Both elegiac and very, very funny, Our Country Friends is the most

ambitious book yet by the author of the beloved bestseller Super Sad True Love Story.

Farmer George Plants a Nation Jan 25 2022 This picture book for older readers focuses on George Washington as farmer, inventor, and scientist. Infused with excerpts from George's letters and diaries, the narrative makes a convincing case for Washington's place as the nation's First Farmer. He invented a combination plow-tiller-harrow, tested different fertilizers, and bred donkeys and horses to create strong mules. His goal to make Mount Vernon self-sufficient carried over to his goal to make the new country independent. Layne Johnson's richly colored oil paintings portray the Colonial era with fine details. The book includes a timeline of Washington's life; shares his views on slavery, and includes a bibliography of additional reading materials and websites.

The Friends of Eddie Coyle May 17 2021 'The best crime novel ever written' - Elmore Leonard When small-time gunrunner Eddie Coyle is convicted on a felony, he's looking at three years in the pen - that is, unless he sells out one of his big-fish clients to the DA. But which of the many hoods, gunmen and executioners he calls his friends should he send up river? Set on the mean streets of Boston and told almost entirely in crackling dialogue by a vivid cast of cops and lowlifes, The Friends of Eddie Coyle set a standard for authentically gritty crime fiction that has never been bettered.

George Washington: The First President Jun 25 2019 The life of George Washington is introduced in this early reader biography. After General Washington led the American colonists to victory in the Revolutionary War, everyone thought he should become the first president of the United States. Washington would turn out to be a strong leader and a wise president. Beginning readers will learn about the milestones in George Washington's life in this Level Two I Can Read biography, which combines a traditional, illustrated narrative with historical illustrations at the back of book—complete with a timeline, illustrations, and interesting facts about the United States' first president. Kids will learn about George Washington's spy ring, and how one of his dogs was named Sweetlips! George Washington: The First President is a Level Two I Can Read, geared for kids who read on their own but still need a little help.

Valiant Ambition Jan 01 2020 A New York Times Bestseller Winner of the George Washington Prize A surprising account of the middle years of the American Revolution and the tragic relationship between George Washington and Benedict Arnold, from the New York Times bestselling author of In The Heart of the Sea, Mayflower, and In the Hurricane's Eye. "May be one of the greatest what-if books of the age—a volume that turns one of America's best-known narratives on its head."—Boston Globe "Clear and insightful, [Valiant Ambition] consolidates Philbrick's reputation as one of America's foremost practitioners of narrative nonfiction."—Wall Street Journal In the second book of his acclaimed American Revolution series, Nathaniel Philbrick turns to the tragic relationship between George Washington and Benedict Arnold. In September 1776, the vulnerable Continental army under an unsure George Washington evacuated New York after a devastating defeat by the British army. Three weeks later, one of his favorite generals, Benedict Arnold, miraculously succeeded in postponing the British naval advance down Lake Champlain that might have lost the war. As this book ends, four years later Washington has vanquished his demons, and Arnold has fled to the enemy. America was forced at last to realize that the real threat to its liberties might not come from without but from within. Complex, controversial, and dramatic, Valiant Ambition is a portrait of a people in crisis and the war that gave birth to a nation.

The Washingtons Nov 22 2021 A full-scale portrait of the marriage of the father and mother of our country—and of the struggle for independence that he led The Washingtons' long union

begins in colonial Virginia in 1759, when George Washington woos and weds Martha Dandridge Parke Custis, a pretty, charming, and very rich young widow. The calm early years of their marriage as plantation owners at Mount Vernon and as parents to Martha's two children, Jacky and Patsy—both of whom present difficult challenges—yield to harsher times. Washington has been prominent among Virginians in opposing British government measures, and at the outbreak of fighting in 1775 he is elected commander-in-chief of the Continental army. The war sees Martha resolutely supporting her husband, sharing in the hardships at Valley Forge and other wretched winter headquarters. Essential to George's personal well-being, she is known as "Lady Washington"—a redoubtable and vastly admired figure in her own right. Flora Fraser provides us with a brilliant account of the public Washington and of the war he waged, and gives us, as well, the domestic Washingtons, whether at Mount Vernon before and during the war or in New York and Philadelphia during his presidency. Even in wartime, Martha manages to scour Philadelphia to find a doll for her newest granddaughter and keeps careful control of her Virginia inheritance. George grapples with a formidable enemy, without proper troops and often without basic supplies—his soldiers frequently lack rations, blankets, even shoes—while always fearful for his wife's welfare and safety, given the constant worry that the British might descend on Mount Vernon. Even so, a true Virginian, he manages to dance for more than three hours with Alexander Hamilton's pretty young wife at a makeshift ball. With victory and the arrival of peace in 1783, the Washingtons hope to remain at home, a hope dashed when, in 1789, George is elected our first president and Martha becomes a faultless first First Lady. During the presidency, they together negotiate the many pitfalls of establishing republican entertainment—the weekly "Congress dinner," levées, and drawing rooms—before, finally free of official responsibilities after Washington's second term, they are at last able to retreat to their beloved Mount Vernon. This is a remarkable story of a remarkable pair as well as a gripping narrative of the birth of a nation—a major, and vastly appealing, contribution to the literature of our founding fathers . . . and founding mother. Of Mice and Men Apr 15 2021 Tells a story about the strange relationship of two migrant workers who are able to realize their dreams of an easy life until one of them succumbs to his weakness for soft, helpless creatures and strangles a farmer's wife.
