Business Associations, Cases and Materials on Agency, Partnerships, Llc's, and Corporations Nov 09 2020 With the prior edition of this concise, up-to-date casebook having been adopted at over 100 law schools, the tenth edition preserves the authors' tradition of providing a comprehensive overview of agency, partnership, and corporation law. It also continues to emphasize five basic editorial principles: Cases edited ruthlessly to produce a readable and concise result. Facts matter, so they are included in all their potential ambiguity. Bring a planner's perspective to the table through extensive use of transactionally-oriented problems. It's a casebook not a treatise. No long, stultifying textual passages. Provide the cases and let the individual teacher use them as he or she sees fit. Try to find cases that are fun to teach. Great facts or a clever analysis are always given first priority in case selection.

Loose Leaf for Selling May 04 2020 *Selling: Building Partnerships*, 11e remains faithful to the original goal of the product since its first edition-- that instructors don't want to teach the history of selling, rather they want their students to know how it is done. While many things have changed in sales, such as the changing roles for technology and the increased use of multichannel go-to-market strategies, students still need to practice their newly learned skills, make ethical choices, and adapt their skills to their audience. *Selling; Building Partnerships* addresses all of these with distinct roleplays, mini case studies, and current examples throughout. The products' emphasis on value creation makes it appropriate not only for students pursuing a sales career, but also those who seek these skills for other roles in life and business. New to This Edition: • Brand new chapter opening profiles • Brand new From the Buyer's Seat boxed items • Brand new Building Partnerships boxed items • Brand new Sales Technology boxed items • Brand new End-Of-Chapter Role Play Cases - while we continue to use Gartner as the company, the customers have all changed throughout

The Art of Action Jul 26 2019 What do you want me to do? This question is the enduring management issue, a perennial problem that Stephen Bungay shows has an old solution that is counter-intuitive and yet common sense. *The Art of Action* is a thought-provoking and fresh look at how managers can turn planning into execution, and execution into results. Drawing on his experience as a consultant, senior manager and a highly respected military historian, Stephen Bungay takes a close look at the nineteenth-century Prussian Army, which built its agility on the initiative of its highly empowered junior officers, to show business leaders how they can build more effective, productive organizations. Based on a theoretical framework which has been tested in practice over 150 years, Bungay shows how the approach known as 'mission command' has been applied in businesses as diverse as pharmaceuticals and F1 racing today. *The Art of Action* is scholarly but engaging, rigorous but pragmatic, and shows how common sense can sometimes be surprising.
