Children of the Dragonfly Mar 03 2020 Sometimes the losses of childhood can be recovered only in the flight of the dragonfly. Native American children have long been subject to removal from their homes for placement in residential schools and, more recently, in foster or adoptive homes. The governments of both the United States and Canada, having reduced Native nations to the legal status of dependent children, historically have asserted a surrogate parentalism over Native children themselves. Children of the Dragonfly is the first anthology to document this struggle for cultural survival on both sides of the U.S.-Canadian border. Through autobiography and interviews, fiction and traditional tales, official transcripts and poetry, these voices—Seneca, Cherokee, Mohawk, Navajo, and many others— weave powerful accounts of struggle and loss into a moving testimony to perseverance and survival. Invoking the dragonfly spirit of Zuni legend who helps children restore a way of life that has been taken from them, the anthology explores the breadth of the conflict about Native childhood. Included are works of contemporary authors Sherman Alexie, Joy Harjo, Luci Tapahonso, and others; classic writers Zitkala-Sa and E. Pauline Johnson; and contributions from twenty important new writers as well. They take readers from the boarding school movement of the 1870s to the Sixties Scoop in Canada and the Indian Child Welfare Act of 1978 in the United States. They also spotlight the tragic consequences of racist practices such as the suppression of Indian identity in government schools and the campaign against Indian childbearing through involuntary sterilization. **Navajo Infancy Jun 25 2019** Navajo Infancy describes the major sources of change and continuity in Navajo infant development. It does so by combining concepts and methods of classical ethology with those of social-cultural anthropology. The goal is to establish the relationships between human nature and culture. Buy considering the nature of adaptation, and the evolution of human developmental patterns, and through analyses of the determinants of change and continuity in Navajo infant development, Navajo Infancy outlines how the process of development itself may bridge nature and culture. With its special focus on the effect of the cradleboard on Navajo mother-infant interaction, Navajo Infancy raises important developmental issues in its analyses of why the effects of the cradleboard do not last. Incorporating the Brazelton Neonatal Behavioral Assessment Scale into its ethological-anthropological methods, Navajo Infancy demonstrates significant Navajo-Anglo-American differences in newborn temperament. It finds a strong correlation between newborn behavior and prenatal environmental factors, arguing that racial and ethnic differences in behavior at birth go well beyond simple gene pool differences. Navajo Infancy also describes the individual and group differences in the development of Navajo and Anglo-American children's fear of strangers and patterns of mother-infant interaction. Aspects of attachment theory, transactional theories of development, and anthropological theories of socialization are related to this broad new evolutionary approach to the process of development and nature-culture interaction.

**Navajo Life Nov 03 2022** This book tells the story of a Navajo girl named Bah and her brother Kee, beautifully illustrated by Navajo artist Andrew Tsinjinnie. First published in 1946, it was used in schools and to teach literacy to adult Navajos. It is dedicated to all children, Navajo and non-Navajo alike. The bold and graphic illustrations by Andrew Tsinjinnie reflect Navajo Life of that era. He was already making a living as an artist at the time and was named an Arizona Living Treasure in 1991. Native Child Dineta has colored the illustrations to introduce a new generation of readers to this great artist and children's book. Starting in the 1930s, the U.S. Bureau of Indian Affairs began publishing many collaborations illustrated by Native Americans and largely penned by Anglo writers as bilingual textbooks. They were the first bilingual materials published on any large scale in this country. This was a time of change. The BIA was just beginning to allow Native Americans to speak their own languages, because until then Congress had mandated total assimilation. So the BIA's bilingual textbooks, published under the rubric of Indian Life Readers, was considered revolutionary. This is such a book.

**Chester Nez and the Unbreakable Code May 17 2021** As a young Navajo boy, Chester Nez had to leave the reservation and attend boarding school, where he was taught that his native language and culture were useless. But Chester refused to give up his heritage. Years later, during World War II, Chester—and other Navajo men like him—was recruited by the US Marines to use the Navajo language to create an unbreakable military code. Suddenly the language he had been told to forget was needed to fight a war. This powerful picture book biography contains backmatter including a timeline and a portion of the Navajo code, and also depicts the life of an original Navajo code talker while capturing the importance of heritage.

Healer of the Water Monster Dec 12 2020 American Indian Youth Literature Award Winner: Best Middle Grade Book! Brian Young's powerful debut novel tells of a seemingly ordinary Navajo boy who must save the life of a Water Monster—and comes to realize he's a hero at heart. When Nathan goes to visit his grandma, Nali, at her mobile summer home on the Navajo reservation, he knows he's in for a pretty uneventful summer, with no electricity or cell service. Still, he loves spending time with Nali and with his uncle Jet, though it's clear when Jet arrives that he brings his problems with him. One night, while lost in the nearby desert, Nathan finds someone extraordinary: a Holy Being from the Navajo Creation Story—a Water Monster—in need of help. Now Nathan must summon all his courage to save his new friend. With the help of other Navajo Holy Beings, Nathan is determined to save the Water Monster, and to support Uncle Jet in healing from his own pain. The Heartdrum imprint centers a wide range of intertribal voices, visions, and stories while welcoming all young readers, with an emphasis on the present and future of Indian Country and on the strength of young Native heroes. In partnership with We Need Diverse Books.

The Din é Reader Apr 03 2020 The Din é Reader: An Anthology of Navajo Literature is unprecedented. It showcases the breadth, depth, and diversity of Din é creative artists and their poetry, fiction, and nonfiction prose. This wide-ranging anthology brings together writers who offer perspectives that span generations and perspectives on life and Din é history. The collected works display a rich variety of and creativity in themes: home and history; contemporary concerns about identity, historical trauma, and loss of language; and economic and environmental inequalities. The Din é Reader developed as a way to demonstrate both the power of Din é literary artistry and the persistence of the Navajo people. The volume opens with a foreword by poet Sherwin Bitsui, who offers insight into the importance of writing to the Navajo people. The editors then introduce the volume by detailing the literary history of the Din é people, establishing the context for the tremendous diversity of the works that follow, which includes free verse, sestinas, limericks, haiku, prose poems, creative nonfiction, mixed genres, and oral traditions reshaped into the written word. This volume combines an array of literature with illuminating interviews, biographies, and photographs of the featured Din é writers and artists. A valuable resource to educators, literature enthusiasts, and beyond, this anthology is a much-needed showcase of Din é writers and their compelling work. The volume also includes a chronology of important dates in Din é history by Jennifer Nez Denetdale, as well as resources for teachers, students, and general readers by Michael Thompson. The Din é Reader is an exciting convergence of Navajo writers and artists with scholars and educators.

"Some Kind of Power" Jun 17 2021 The stories presented here by Meg Brady, collected with delicacy and care from her own students, speak to us in a rarely available, open, and trusting way. The reader will find that this is no mere 'kids' stuff, ' but rather that it provides a rich - perhaps even astounding - insight into the ways in which children's oral narratives encapsulate their culture's ongoing emotional concerns. Brady's work also amply demonstrates the capacity of children to develop highly articulated and formulaic modes of narrative expression, and shows how these narratives relate the children to the cultural worlds around them ... It is apparent from Brady's conclusion to this fascinating study that an analysis of skinwalker stories demonstrates the ways in which traditional Navajo symbols persist in an area of the reservation which is becoming more culturally heterogeneous. Contact with others actually accentuates Navajo values rather than eroding them. The symbol system associated with the skinwalker figure is flourishing, and in the storytelling events of the Navajo children there is dramatically enacted the process by which a culture as vibrant as that of the Navajo perpetuates and continually recreates its most meaningful symbols.

First Laugh--Welcome, Baby! Jun 29 2022 In Navajo families, the first person to make a new baby laugh hosts the child's First Laugh Ceremony. Who will earn the honor in this story? The First Laugh Ceremony is a celebration held to welcome a new member of the community. As everyone--from Baby's nima (mom) to nadi (big sister) to cheii (grandfather)--tries to elicit the joyous sound from Baby, readers are introduced to details about Navajo life and the Navajo names for family members. Back matter includes information about other cultural ceremonies that welcome new babies and children, including man yue celebration (China), sanskaras (Hindu) and aquiqqa (Muslim).

Code Talker Jul 31 2022 "Readers who choose the book for the attraction of Navajo code talking and the heat of battle will come away with more than they ever expected to find."—Booklist, starred review Throughout World War II, in the conflict fought against Japan, Navajo code talkers were a crucial part of the U.S. effort, sending messages back and forth in an unbreakable code that used their native language. They braved some of the heaviest fighting of the war, and with their code, they saved countless American lives. Yet their story

remained classified for more than twenty years. But now Joseph Bruchac brings their stories to life for young adults through the riveting fictional tale of Ned Begay, a sixteen-year-old Navajo boy who becomes a code talker. His grueling journey is eye-opening and inspiring. This deeply affecting novel honors all of those young men, like Ned, who dared to serve, and it honors the culture and language of the Navajo Indians. An ALA Best Book for Young Adults "Nonsensational and accurate, Bruchac's tale is quietly inspiring..."—School Library Journal

Blue Horse Sep 08 2020 A story told about Navajo children during a traumatic period in history, when their people were captured, marched hundreds of miles, and were imprisoned in a camp for four years. Their strong foundation is what kept them going and helped some of them survive. The story concentrates on a clan whose youngest being a three-month-old baby and the oldest a sixteen-year-old. The children endured the harshness of the elements and the US government. The children created a bond that would last forever with an elderly Navajo woman, who became their anchor when they could not find their loving parents. While the children were held captive, they carried on the legacies of their clans. Some reunited with their parents and returned to their homeland. With promises of better lives, the Navajo people were released to a land reserved within the four sacred mountains. They were forced to lead a different lifestyle, less flourishing than before, but they kept their families together and continued their traditional ways of life. This included the introduction of a formal education. Navajo leaders figured that acquiring an education would place them at an equal advantage of the dominant society. The children, however, had a different experience. In the end, most of them found balance in their lives back on their homeland.

Spider Woman's Children Apr 27 2022 Navajo rugs set the gold standard for handwoven textiles in the U.S. Their history and value to collectors is unparalleled. But what about the people who create these treasures? You might be surprised. Spider Woman's Children is the inside story, told by two women who are both deeply embedded in their own culture, and considered among the very most skillful and artistic of Navajo weavers today. Barbara Teller Ornelas and Lynda Teller Pete are fifth-generation weavers who grew up at the fabled Two Grey Hills trading post. Their family and clan connections give them rare insight into where the craft has been and where it is going. They take you into traditional hogans, remote trading posts, reservation housing neighborhoods, and urban apartments to meet weavers who follow the paths of their ancestors, who innovate with new designs and techniques, and who uphold time-honored standards of excellence. You'll meet men who learned to weave from their grandmothers; women who weave alongside their aging moms; a young woman who incorporates contemporary images into skillful, highly collectible tapestries. You'll walk with elderly women over their sheep pastures and cornfields in search of natural dyestuffs. You'll see how well made, simple weaving tools from generations past take a place of pride in every home. And throughout, you'll see examples of the finest, most mindful weaving this rich tradition has to offer
