Danza! Feb 10 2021 Award-winning author and illustrator Duncan Tonatiuh tells the story of Amalia Hernández, dancer and founder of El Ballet Folklórico de México. Published in time for the 100th anniversary of Hernández's birth, *Danza!* is the first picture book about the famous dancer and choreographer. *Danza!* is a celebration of Hernández's life and of the rich history of dance in Mexico. As a child, Amalia always thought she would grow up to be a teacher, until she saw a performance of dancers in her town square. She was fascinated by the way the dancers twirled and swayed, and she

knew that someday she would be a dancer, too. She began to study many different types of dance, including ballet and modern, under some of the best teachers in the world. Hernández traveled throughout Mexico studying and learning regional dances. Soon she founded her own dance company, El Ballet Folklórico de México, where she integrated her knowledge of ballet and modern dance with folkloric dances. The group began to perform all over the country and soon all over the world, becoming an international sensation that still tours today. Duncan Tonatiuh's picture books have been honored with many awards and accolades, including the Pura Belpré Award, the Robert F. Sibert Award, and the New York Times Best Illustrated Book Award. With Tonatiuh's distinctive Mixtec-inspired artwork and colorful drawings that seem to leap off the page, *Danza!* will enthrall and inspire young readers with the fascinating story of this important dancer and choreographer.

Shouting Won't Help Nov 09 2020 For twenty-two years, Katherine Bouton had a secret that grew harder to keep every day. An editor at The New York Times, at daily editorial meetings she couldn't hear what her colleagues were saying. She had gone profoundly deaf in her left ear; her right was getting worse. As she once put it, she was "the kind of person who might have used an ear trumpet in the nineteenth century."

Audiologists agree that we're experiencing a national epidemic of hearing impairment. At present, 50 million Americans suffer some degree of hearing loss—17 percent of the population. And hearing loss is not exclusively a product of growing old. The usual onset is between the ages of nineteen and forty-four, and in many cases the cause is unknown. *Shouting Won't Help* is a deftly written, deeply felt look at a widespread and misunderstood phenomenon.

In the style of Jerome Groopman and Atul Gawande, and using her experience as a guide, Bouton examines the problem personally, psychologically, and physiologically. She speaks with doctors, audiologists, and neurobiologists, and with a variety of people afflicted with midlife hearing loss, braiding their stories with her own to illuminate the startling effects of the condition. The result is a surprisingly engaging account of what it's like to live with an invisible disability—and a robust prescription for our nation's increasing problem with deafness.
