**Why Smart Executives Fail** May 04 2020 Bob Pittman and AOL Time Warner. Jean Marie Messier and Vivendi. Jill Barad and Mattel. Dennis Kozlowski and Tyco. It's an all too common scenario. A great company breaks from the pack; the analysts are in love; the smiling CEO appears on the cover of Fortune. Two years later, the company is in flames, the pension plan is bleeding, the stock is worthless. What goes wrong in these cases? Usually it seems that top management made some incredibly stupid mistakes. But the people responsible are almost always remarkably intelligent and usually have terrific track records. Just as puzzling as the fact that brilliant managers can make bad mistakes is the way they so often magnify the damage. Once a company has made a serious mis-step, it often seems as though it can't do anything right. How does this happen? Instead of rectifying their mistakes, why do business leaders regularly make them worse? To answer these questions, Sydney Finkelstein has carried out the largest research project ever devoted to corporate mistakes and failures. In **WHY SMART EXECUTIVES FAIL**, he and his research team uncover-with startling clarity and unassailable documentation-the causes regularly responsible for major business breakdowns. He relates the stories of great business disasters and demonstrates that there are specific, identifiable ways in which many businesses regularly make themselves vulnerable to failure. The result is a truly indispensable, practical, must-read book that explains the mechanics of business failure, how to avoid them, and what to do if they happen.

**The Life-Changing Magic of Tidying Up** Jun 24 2019 #1 NEW YORK TIMES BESTSELLER • The book that sparked a revolution and inspired the hit Netflix series Tidying Up with Marie Kondo: the original guide to decluttering your home once and for all. **ONE OF THE MOST INFLUENTIAL BOOKS OF THE DECADE**—CNN Despite constant efforts to declutter your home, do papers still accumulate like snowdrifts and clothes pile up like a tangled mess of noodles? Japanese cleaning consultant Marie Kondo takes tidying to a whole new level, promising that if you properly simplify and organize your home once, you'll never have to do it again. Most methods advocate a room-by-room or little-by-little approach, which doom you to pick away at your piles of stuff forever. The KonMari Method, with its revolutionary category-by-category system, leads to lasting results. In fact, none of Kondo's clients have lapsed (and she still has a three-month waiting list). With detailed guidance for determining which items in your house "spark joy" (and which don't), this international bestseller will help you clear your clutter and enjoy the unique magic of a tidy home—and the calm, motivated mindset it can inspire.

**The 8th Habit** May 16 2021 In the 7 Habits series, international bestselling author Stephen R. Covey showed us how to become as effective as it is possible to be. In his

long-awaited new book, **THE 8th HABIT**, he opens up an entirely new dimension of human potential, and shows us how to achieve greatness in any position and any venue. All of us, Covey says, have within us the means for greatness. To tap into it is a matter of finding the right balance of four human attributes: talent, need, conscience and passion. At the nexus of these four attributes is what Covey calls voice - the unique, personal significance we each possess. Covey exhorts us all to move beyond effectiveness into the realm of greatness - and he shows us how to do so, by engaging our strengths and locating our powerful, individual voices. Why do we need this new habit? Because we have entered a new era in human history. The world is a profoundly different place than when **THE 7 HABITS OF HIGHLY EFFECTIVE PEOPLE** was originally published in 1989. The challenges and complexity we face today are of a different order of magnitude. We enjoy far greater autonomy in all areas of our lives, and along with this freedom comes the expectation that we will manage ourselves, instead of being managed by others. At the same time, we struggle to feel engaged, fulfilled and passionate. Tapping into the higher reaches of human genius and motivation to find our voice requires a new mindset, a new skill-set, a new tool-set - in short, a whole new habit.

**Atomic Habits Aug 26 2019** The #1 New York Times bestseller. Over 4 million copies sold! *Tiny Changes, Remarkable Results* No matter your goals, *Atomic Habits* offers a proven framework for improving--every day. James Clear, one of the world's leading experts on habit formation, reveals practical strategies that will teach you exactly how to form good habits, break bad ones, and master the tiny behaviors that lead to remarkable results. If you're having trouble changing your habits, the problem isn't you. The problem is your system. Bad habits repeat themselves again and again not because you don't want to change, but because you have the wrong system for change. You do not rise to the level of your goals. You fall to the level of your systems. Here, you'll get a proven system that can take you to new heights. Clear is known for his ability to distill complex topics into simple behaviors that can be easily applied to daily life and work. Here, he draws on the most proven ideas from biology, psychology, and neuroscience to create an easy-to-understand guide for making good habits inevitable and bad habits impossible. Along the way, readers will be inspired and entertained with true stories from Olympic gold medalists, award-winning artists, business leaders, life-saving physicians, and star comedians who have used the science of small habits to master their craft and vault to the top of their field. Learn how to: make time for new habits (even when life gets crazy); overcome a lack of motivation and willpower; design your environment to make success easier; get back on track when you fall off course; ...and much more. *Atomic Habits* will reshape the way you think about progress and success, and give you the tools and strategies you need to transform your habits--whether you are a team looking to win a championship, an organization hoping to redefine an industry, or simply an individual who wishes to quit smoking, lose weight, reduce stress, or achieve any other goal.

***The Leader in Me* Mar 26 2022** Children in today's world are inundated with information about who to be, what to do and how to live. But what if there was a way to teach children how to manage priorities, focus on goals and be a positive influence on the world around them? The Leader in Me is that programme. It's based on a hugely successful initiative carried out at the A.B. Combs Elementary School in North Carolina. To hear the parents of A. B Combs talk about the school is to be amazed. In 1999, the school debuted a programme that taught The 7 Habits of Highly Effective People to a pilot group of students. The parents reported an incredible change in their children, who blossomed under the programme. By the end of the following year the average end-of-grade scores had leapt from 84 to 94. This book will launch the message onto a much larger platform. Stephen R. Covey takes the 7 Habits, that have already changed the lives of millions of people, and shows how children can use them as they develop. Those habits -- be proactive, begin with the end in mind, put first things first, think win-win, seek to understand and then to be understood, synergize, and sharpen the saw -- are critical skills to learn at a young age and bring incredible results, proving that it's never too early to teach someone how to live well.
