Listening in Apr 24 2022 "Attitudes and expectations drawn from the dominant culture of North America often create just such a distortion in our understanding of God's self-revelation in the Scriptures. To challenges these false perceptions Stephen Breck Reid proposes a multicultural reading of the Bible. Focusing on the Psalms, and specifically what the psalter has to say about what it means to be human, Reid demonstrates that many inadequate and harmful assumptions about the text drawn from the dominant culture can be offset by readings from African American, Latino, and Asian American cultural sources."--BOOK JACKET. "Making use of recent historical, critical, literary, and rhetorical scholarship into the psalter, and combining it with an imaginative reading of African American, Latino, Asian American, and other nondominant cultural materials, Reid provides a compelling glimpse of the promise of a multicultural reading of the Scriptures."--BOOK JACKET.

Critical Multicultural Analysis of Children's Literature Aug 17 2021 "Children's literature is a contested terrain, as is multicultural education. Taken together, they pose a formidable challenge to both classroom teachers and academics... Rather than deny the inherent conflicts and tensions in the field, in Critical Multicultural Analysis of Children's Literature: Mirrors, Windows, and Doors, Maria José Botelho and Masha Kabakow Rudman confront, deconstruct, and reconstruct these terrains by proposing

a reframing of the field.... Surely all of us - children, teachers, and academics - can benefit from this more expansive understanding of what it means to read books." Sonia Nieto, From the Foreword Critical multicultural analysis provides a philosophical shift for teaching literature, constructing curriculum, and taking up issues of diversity and social justice. It problematizes children's literature, offers a way of reading power, explores the complex web of sociopolitical relations, and deconstructs taken-for-granted assumptions about language, meaning, reading, and literature: it is literary study as sociopolitical change. Bringing a critical lens to the study of multiculturalism in children's literature, this book prepares teachers, teacher educators, and researchers of children's literature to analyze the ideological dimensions of reading and studying literature. Each chapter includes recommendations for classroom application, classroom research, and further reading. Helpful end-of-book appendixes include a list of children's book awards, lists of publishers, diagrams of the power continuum and the theoretical framework of critical multicultural analysis, and lists of selected children's literature journals and online resources.
