An Ethical Compass Sep 19 2021 Offers essays on Bosnia, the genocide in Rwanda, sweatshops and globalization, and the political obligations of the mothers of Argentina's Disappeared. In this book, readers may be fascinated by the ways in which essays on conflict, conscience, memory, illness (essay on AIDS), and God overlap and resonate with one another.

Setting the Moral Compass Jun 28 2022 Setting the Moral Compass brings together the (largely unpublished) work of nineteen women moral philosophers whose powerful and innovative work has contributed to the "re-setting of the compass" of moral philosophy over the past two decades. The contributors, who include many of the top names in this field, tackle several wide-ranging projects: they develop an ethics for ordinary life and vulnerable persons; they examine the question of what we ought to do for each other; they highlight the moral significance of inhabiting a shared social world; they reveal the complexities of moral negotiations; and finally they show us the place of emotion in moral life.

[Reagan's God and Country](#) Nov 09 2020 Not since Lincoln has a sitting president addressed spiritual issues as frequently as President Ronald Reagan. Most of Reagan's biographers, however, overlook his strong religious convictions, writing about them either sparingly or disparagingly. In "Reagan's God and Country", Tom Freiling sets the record straight by giving you portions of every meaningful address Reagan gave in his public life about God, religion and morality. You'll discover how Reagan's moral compass was guided by an enduring faith in God and an optimistic faith in his fellow man. This is the first book to look at Reagan's spiritual oratory. It's the Great Communicator at his best.

[Due Diligence and the News](#) Jul 06 2020 A selection of essays on the history and nature of the free press in America.

[After the Last Border](#) Aug 07 2020 The story of two refugee families and their hope and resilience as they fight to survive and belong in America The welcoming and acceptance of immigrants and refugees has been central to America's identity for centuries--yet America has periodically turned its back at the times of greatest humanitarian need. After the Last Border is an intimate look at the lives of two women as they struggle for the twenty-first century American dream, having won the "golden ticket" to settle as refugees in Austin, Texas. Mu Naw, a Christian from Myanmar struggling to put down roots with her family, was accepted after decades in a refugee camp at a time when America was at its most open to displaced families; and Hasna, a Muslim from Syria, agrees to relocate as a last resort for the safety of her family--only to be cruelly separated from her children by a sudden ban on refugees from Muslim countries. Writer and activist Jessica Goudeau tracks the human impacts of America's ever-shifting refugee policy as both women narrowly escape from their home countries and begin the arduous but lifesaving process of resettling in Austin, Texas--a city that would show them the best and worst of what America has to offer. After the Last Border situates a dramatic, character-driven story within a larger history--the evolution of modern refugee resettlement in the United States, beginning with World War II and ending with current closed-door policies--revealing not just how America's changing attitudes toward refugees has influenced policies and laws, but also the profound effect on human lives.

The Gift of an Inner Moral Compass Oct 28 2019 Do you ever wonder if we've lost our moral direction? With people calling truth falsehoods and falsehoods truth, with "fake news" and "alternative facts" and scandals exposed daily, with lack of moral leadership and people taking sides, who is right? How do we know? Is our moral compass broken, or does it still point the right direction? What is the right direction? The Gift of an Inner Moral Compass: - explores what morality is and how it develops - suggests ways to direct our children toward moral maturity - reminds us that there is a True North to which a functioning moral compass points.

[The Japanese Communist Party](#) Aug 19 2021 This book provides an historical overview of the Japanese Communist Party from its foundation to the present. It outlines the development of the party, explores its stance on key issues and discusses how the party has set a high moral tone, avoiding compromising coalitions with other parties, being intolerant of corruption within its own ranks, and frequently and consistently opposing the ruling Liberal Democratic Party. The book also considers the internal nature of the party, which continues to have a mass membership, and which in recent years has softened its former somewhat rigid approach. The book emphasizes the importance for Japan of this moral approach as the conscience of the nation, especially as the present Abe government moves Japan to the right, even though the Japanese Communist Party has never gained power and is never likely to.

Moral Compass Aug 31 2022 At an elite private school in Massachusetts, a wide circle of lives will be forever changed by a devastating series of events in Danielle Steel's riveting new novel. Saint Ambrose Prep is a place where the wealthy send their children for the best possible education, with teachers and administrators from the Ivy League, and graduates who become future lawyers, politicians, filmmakers, and CEOs. Traditionally a boys-only school, Saint Ambrose has just enrolled one hundred and forty female students for the first time. Even though most of the kids on the campus have all the privilege in the world, some are struggling, wounded by their parents' bitter divorces, dealing with insecurity and loneliness. In such a heightened environment, even the smallest spark can become a raging fire. One day after the school's annual Halloween event, a student lies in the hospital, her system poisoned by dangerous levels of alcohol. Everyone in this sheltered

community--parents, teachers, students, police, and the media--are left trying to figure out what actually happened. Only the handful of students who were there when she was attacked truly know the answers and they have vowed to keep one another's secrets. As details from the evening emerge, powerful families are forced to hire attorneys and less powerful families watch helplessly. Parents' marriages are jeopardized, and students' futures are impacted. No one at Saint Ambrose can escape the fallout of a life-altering event. In this compelling novel, Danielle Steel illuminates the dark side of one drunken night, with its tragic consequences, from every possible point of view. As the drama unfolds, the characters will reach a crossroads where they must choose between truth and lies, between what is easy and what is right, and find the moral compass they will need for the rest of their lives.

Moral Compass Mar 02 2020

The Book of Virtues Jun 16 2021 Responsibility. Courage. Compassion. Honesty. Friendship. Persistence. Faith. Everyone recognizes these traits as essentials of good character. In order for our children to develop such traits, we have to offer them examples of good and bad, right and wrong. And the best places to find them are in great works of literature and exemplary stories from history. William J. Bennett has collected hundreds of stories in *The Book of Virtues*, an instructive and inspiring anthology that will help children understand and develop character -- and help adults teach them. From the Bible to American history, from Greek mythology to English poetry, from fairy tales to modern fiction, these stories are a rich mine of moral literacy, a reliable moral reference point that will help anchor our children and ourselves in our culture, our history, and our traditions -- the sources of the ideals by which we wish to live our lives. Complete with instructive introductions and notes, *The Book of Virtues* is a book the whole family can read and enjoy -- and learn from -- together.

Matters of Life and Death Aug 26 2019 *Matters of Life and Death* provides the reader with a moral compass by examining such pressing issues as abortion, genetic manipulation, infertility treatments, gender change, and aid in dying. Its approach speaks to the Catholic ideal of "formation of conscience," which is sorely needed to orient ourselves in our fractured political landscape.

Finding Your Moral Compass Feb 22 2022 *Finding Your Moral Compass*

The Moral Compass of the American Lawyer Oct 01 2022 These are perilous times for Americans who need access to the legal system. Too many lawyers blatantly abuse power and trust, engage in reckless ethical misconduct, grossly unjust billing practices, and dishonesty disguised as client protection. All this has undermined the credibility of lawyers and the authority of the legal system. In the court of public opinion, many lawyers these days are guiltier than the criminals or giant corporations they defend. Is the public right? In this eye-opening, incisive book, Richard Zitrin and Carol Langford, two practicing lawyers and distinguished law professors, shine a penetrating light on the question everyone is asking: Why do lawyers behave the way they do? All across the country, lawyers view certain behavior as "ethical" while average citizens judge that same conduct "immoral." Now, with expert analysis of actual cases ranging from murder to class action suits, Zitrin and Langford investigate lawyers' behavior and its impact on our legal system. The result is a stunningly clear-eyed exploration of law as it is practiced in America today--and a cogent, groundbreaking program for legal reform.

Boxing the Moral Compass Jul 26 2019 Ethics is the study of right conduct. Nearly every decision we make and every action we take involve decisions between acts we ought to pursue and those we ought to avoid. Our laws, our legislature, our courts, and our government are institutional reflections of our ethics. Our transgressions, our crimes, and our vices all reflect our ethical failings, while our altruism, charity, and self-sacrifice reflect our ethical aspirations. Wherever humans have enjoyed any freedom to decide their own actions, there is ethics. *Boxing the Moral Compass* is an introduction to moral reasoning. It has two main divisions: the first presents the various ethical theories that provide the compass points, and the second explains how these theories can assist each of us in navigating the turbulent waters of today's most controversial ethical dilemmas. Together, they provide the foundation for navigating your own way through life. This book does not presume to tell you what path you should take; rather, it aspires to equip you to chart your own moral course. This is an ethics text about how to think, not what to think. After exploring the foundations of moral reasoning, you are invited to apply these concepts to contemporary issues such as abortion, capital punishment, warfare, and many other divisive subjects. By the end of this book your positions on these issues may not have changed, but you will better understand why you hold your views, and you will better understand why others hold opposing views. Ethics helps to identify what is good and right and provides direction for achieving personal happiness and human flourishing. Without ethics, decisions would be random and aimless. There could be no goals, no plan of action, and no way to choose between the endless different options available within the limited number of days afforded to each of us. To explore ethics is to engage in a self-examination of the deepest import. Socrates asserted that "The unexamined life is not worth living." As you encounter the ethical concepts presented in this book, I urge you to continually glance inward and examine your own ethical attitudes and beliefs.

The Moral Compass of Public Relations Dec 23 2021 The civic and moral responsibilities of public relations are hotly contested topics. While many researchers call for focusing on ethics in public relations, they concentrate on ethics in relation to how people do their jobs. In actuality, emphasis should move beyond professional codes of ethics to include general morality and citizenship. Currently, as the profession receives greater scrutiny, it is important to be aware of the value of public relations in the community. This book centers on four areas of public relations' conscience in order to examine its role in morality and citizenship: civic professionalism, corporate social responsibility, ethics, and public communication. This approach will help to answer the question of what is public relations' responsibility to the public good.

Everything Counts Sep 27 2019 *Everything Counts!* is an execution strategy for inspiring excellence and driving exceptional results. Too many people and organizations are mired in a mediocrity of their own making. They focus their attention and efforts on getting the big things right, but they ignore the little things that often make a big difference. As a result, reputations are damaged, brands diluted, and loyalty is lost by blatant disregard for the small stuff which negatively impacts the customer experience. For years, we've been taught not to sweat the small stuff, but in the real world of business, *Everything Counts*. *Everything Counts* is a call to greater awareness and with awareness comes a responsibility to raise the performance bar. It offers a powerful operating philosophy that will steer your organization to reach higher levels of growth, productivity, and performance. From the smallest customer contact to the most minute details of product quality, the little things add up to a pretty big deal. Serving as the definitive guide on organizational and personal mastery, this book gives you a foundation for unparalleled customer service, superior quality, and consistent performance. A proven system for organizing, aligning, and improving all your efforts in sales, service, and performance improvement Shows how concentrating on the small things leads to growth, productivity, personal success, and business greatness Helps you motivate your people and teams to achieve better results on both the personal and organizational level *Everything Counts* reminds us that seemingly small things can make tremendous differences. The purpose of this book is to help you internally define and take ownership of the most fundamental principle behind achieving results beyond your expectations--a single idea with an actionable focus--*Everything Counts!*

The Moral Compass Nov 29 2019 Florence is shielded from the filth and poverty of Victorian London by her father's money and status. But when he suffers a spectacular fall from grace, she must abandon everything, including the man she loves, and travel to the colony of New Zealand when compromise and suffering await her. Against the odds, she finds security and love. However, her decision to risk everything to enjoy some of the trappings of her previous life costs her dearly. She must live with the heartbreaking consequences of the choice she has

made. Her ordeal leaves her battered but wiser and sets her on a new path. The Moral Compass begins a journey that Florence will complete in the sequel, *A Pivotal Right*.

Moral Compass Dec 31 2019 The forty poems in this collection were originally written as heavy metal song lyrics. The selections encompass a variety of deeply personal themes such as love, alcoholism, fantasy and religion. The poems are often dark in nature, expressing author Kirk C. Olson's emotions, such as sadness, rage, affection and fear. The poems purposely speak to those who need to make choices. Sobriety may be one of those choices as in the case of the poem "The Liquid Truth" I was breaking hearts / While emptying bottles / Too drunk to know / I was emptying my heart / And should have been breaking bottles/ Olson's Moral Compass addresses many of life's philosophical questions and the choices people make within their lifetime. This poetry collection reveals how one experiences life within extremes and there are those who have been to the extreme ends of those experiences.

Winners Play By The Rules Jan 30 2020 This is the eBook version of the printed book. If the print book includes a CD-ROM, this content is not included within the eBook version. This Element is an excerpt from *Winners Never Cheat: Even in Difficult Times* (ISBN: 9780137009039) by Jon M. Huntsman. Available in print and digital formats. How to keep your moral compass pointed toward "true North"--Even when those around you are compromising their ethics. No one is raised in a moral vacuum. Every mentally balanced human recognizes basic right from wrong. Whether a person is brought up Christian, Jew, Buddhist, Muslim, Hindu, Unitarian.

The Moral Compass Jan 24 2022 The Moral Compass presents a model of morality as a guide to values-based leadership. In a free, pluralist society, diverse stakeholders with competing moral claims present serious challenges to the strategic momentum of business, government, NGOs, and community organizations. Leaders need to know how to manage these challenges effectively. The Moral Compass is their guide. As recent history has repeatedly demonstrated, leaders who avoid, impose, or gloss over the centrality of values in realizing a strategic vision can produce severely flawed outcomes such as loss of confidence, corruption, and market failure. The Moral Compass provides leaders with effective tools to manage this complex, strategic environment by engaging directly with stakeholders to clarify and articulate normative values without privileging or diminishing specific moral traditions. The Moral Compass is rich blend of scholarship, practical wisdom, and usable tools. It is a readable, accessible book that draws from a range of scholarship in humanities, business, science, and social sciences to explain the dynamics of human morality. Academically oriented readers will find intellectually challenging resources and references. Pragmatic readers will be able to use this knowledge to cultivate a robust personal moral compass as a leadership tool for building ethical teams, practice groups, and organizational cultures, for framing and managing moral dilemmas, and for conducting an ethical discernment and decisionmaking process. Ethics in business and leadership studies is emerging as a rich field for scholarship. As an active business faculty member in the field, Dr Thompson is familiar with the published literature of colleagues in the Society for Business Ethics, the International Society for Business Ethics and Economics, the Academy of Management, and the American Philosophical Association. As a blend of theory and practice, The Moral Compass is unique among business ethics books in providing a framework for including and managing the volatility of ethical issues arising from tensions between traditional religious and modern secular morality. Rather than avoid these conflicts, the book anchors their source in the inherent complexity of human neurochemistry, individuation, and socialization as a context for moral meaning and conscience. The book includes numerous exercises in reflection, dialogue, and discernment that enable readers to find common moral ground with people from divergent wisdom traditions. The book synthesizes a wide range of knowledge in a presenting practical model for moral discernment, dialogue, and decisionmaking.

The Quest for a Moral Compass Mar 26 2022 Accessible, fascinating, and thought-provoking, this is the groundbreaking story of the global search for moral truths In this remarkable book, Kenan Malik explores the history of moral thought as it has developed over three millennia, from Homer's Greece to Mao's China, from ancient India to modern America. It tells the stories of the great philosophers, and breathes life into their ideas, while also challenging many of our most cherished moral beliefs. Engaging and provocative, *The Quest for a Moral Compass* confronts some of humanity's deepest questions. Where do values come from? Is God necessary for moral guidance? Are there absolute moral truths? It also brings morality down to earth, showing how, throughout history, social needs and political desires have shaped moral thinking. It is a history of the world told through the history of moral thought, and a history of moral thought that casts new light on global history.

Ethical Leadership Apr 26 2022 This book introduces readers to the moral dilemmas associated with business decisions, helping students to understand the moral and ethical considerations leaders face in the workplace, and providing a framework for balancing business demands with doing the right thing. The author walks readers through the basics of Western moral philosophy before the 20th century and beyond it, covering Utilitarianism, Universalism, the Golden Rule, and Virtue Ethics as well as compelling Eastern moral philosophy to help readers link individual behavior to the larger scheme of corporate social responsibility. The text combines this with a survey of various leadership theories—such as servant leadership, awakened leadership, authentic leadership, and spiritual leadership—to present a model that combines the strengths of each theory. Students will become familiar with the mindsets behind moral pitfalls along with their potentially disastrous effects and how these can be overcome. Chapter summaries and relevant cases, including studies on Fidel Castro, Wells Fargo, Mylan's EpiPen Price Gouging, and more will help students to place theories in context, learning how to achieve success in business ventures successfully, compassionately and ethically. With an easy-to-grasp three-part progression and reflective questions for both chapters and cases, *Ethical Leadership* will benefit students of leadership and business ethics.

The Ethic of Care: A Moral Compass for Canadian Nursing Practice (Revised Edition) May 16 2021 There is an increased use of technology and informatics, heavier workloads and constant changes in the way in which disease processes are managed. Yet, when compared with other health professionals, nurses still spend a great deal of time in direct contact with patients and clients. They stay at the bedside, listen to their stories, give comfort and advocate. *The Ethic of Care: A Moral Compass for Canadian Nursing Practice* is unique from other nursing ethics textbooks in several key ways. The book adds a heightened dimension to the already rich knowledge in the field of applied nursing ethics and the ethic of care. The author argues that the ethic of care, or the moral imperative to act justly, be the guiding compass for everything that nurses do. It is with passion and conviction that nurses are encouraged to embody the ethic of care as a "lived virtue." Nurses are also inspired to be the leaders of tomorrow by working toward achieving accountability and sustainability in the Canadian publicly funded health care system and by effectively addressing social inequities. At the end of each chapter the author conveys real life case studies, as derived from her experiences as a critical care nurse, psychiatric nurse clinician and former Coroner. These vignettes bring the subject to life and serve as a means for applying newly acquired ethical knowledge. The aim of this book is to inspire nurses to be as skillful, and compassionate as they can be so that they will leave every encounter with their clients, better than when they first arrived. The book attempts to inspire nurses to be ethical leaders for social change at the patient/client, community and global level. This revised edition of the book includes additional information about trauma-informed care to combat systemic racism and improve the health outcomes for Indigenous people; ethics, gender and sexual orientation is dealt with in an inclusive and sensitive way, and a new Code of Conduct has been included.

Do Morals Matter? May 04 2020 What is the role of ethics in American foreign policy? The Trump Administration has elevated this from a

theoretical question to front-page news. Should ethics even play a role, or should we only focus on defending our material interests? In *Do Morals Matter?* Joseph S. Nye provides a concise yet penetrating analysis of how modern American presidents have—and have not—incorporated ethics into their foreign policy. Nye examines each presidency during the American era post-1945 and scores them on the success they achieved in implementing an ethical foreign policy. Alongside this, he evaluates their leadership qualities, explaining which approaches work and which ones do not.

Just Freedom: A Moral Compass for a Complex World (Norton Global Ethics Series) Jun 04 2020 An esteemed philosopher discusses his theory of universal freedom, describing how even those who are members of free societies may find their liberties curtailed and includes tests of freedom including the eyeball test and the tough-luck test.

Within the Moral Compass Sep 07 2020

The Moral Compass Jul 18 2021 The Moral Compass presents a model of morality as a guide to values-based leadership. In a free, pluralist society, diverse stakeholders with competing moral claims present serious challenges to the strategic momentum of business, government, NGOs, and community organizations. Leaders need to know how to manage these challenges effectively. The Moral Compass is their guide. As recent history has repeatedly demonstrated, leaders who avoid, impose, or gloss over the centrality of values in realizing a strategic vision can produce severely flawed outcomes such as loss of confidence, corruption, and market failure. The Moral Compass provides leaders with effective tools to manage this complex, strategic environment by engaging directly with stakeholders to clarify and articulate normative values without privileging or diminishing specific moral traditions. The Moral Compass is a rich blend of scholarship, practical wisdom, and usable tools. It is a readable, accessible book that draws from a range of scholarship in humanities, business, science, and social sciences to explain the dynamics of human morality. Academically oriented readers will find intellectually challenging resources and references. Pragmatic readers will be able to use this knowledge to cultivate a robust personal moral compass as a leadership tool for building ethical teams, practice groups, and organizational cultures, for framing and managing moral dilemmas, and for conducting an ethical discernment and decisionmaking process. Ethics in business and leadership studies is emerging as a rich field for scholarship. The book synthesizes a wide range of knowledge in a presenting practical model for moral discernment, dialogue, and decision making.

Finding Your Moral Compass May 28 2022 For those of us in recovery, finding our moral and spiritual footing can be a struggle. The pursuit of drugs and alcohol has long driven our choices and actions, leaving the line between right and wrong blurred in the wake of addiction. In *Finding Your Moral Compass*, Craig Nakken, author of the best-selling book *The Addictive Personality*, gives readers in recovery the model and tools needed to make life decisions in the pursuit of good. He offers 41 universally accepted principles, paired as positive and negative counterparts that guide behavior. He then inspires us with one fundamental challenge: To take responsibility for being a force for good by applying these principles to our daily lives. He encourages us to show empathy, be of service to others, and make the choice to stop being an agent of harm. When Nakken, a former addict, became clean and sober, he faced the "evil" inside of himself. It was then that he found his moral compass and made the decision to take responsibility for his actions using the Twelve Steps as his guide. He has taught hundreds in recovery to live by the principles of good, one day at a time. About the author Craig Nakken is the author of several Hazelden titles, including the perennial bestseller *The Addictive Personality*. He is a popular public speaker and a highly respected private practice counselor, with years of working in the frontlines in a number of treatment facilities.

Mission of Honor Dec 11 2020 Most of us never get to test ourselves in combat. As a UH-1 Helicopter pilot flying in the jungle highlands of South Vietnam, Warrant Officer Jim Crigler and the men he flew with were tested daily. Coming of age in the late 1960s and early 1970s was challenging for most young men of that era. Throw in drugs, free love, draft notices, the Vietnam War and a country deeply divided, and you have one of the most important books of this genre. This true story is a raw, bold, introspective autobiography where the author openly wrestles with his personal moral dilemma to find meaning and purpose in his life. He calls it his "Mission of Honor."

Ethical Challenges in Health Care Nov 21 2021 Print+CourseSmart

Ian Fleming's Seven Deadly Sins and 007's Moral Compass Oct 21 2021 Here's a book that will open your eyes and fascinate you with the many guises of evil in our times. It's also a book that will usefully disturb you, as you find these evil processes at work in your own life. Ultimately, it's a book that will reward your efforts as you look at evil through the eyes of Ian Fleming's James Bond. Like Bond, you too might be roused to take on the dragons of evil in our midst. Great for individual reflection or small group study. Includes a complete study guide and other extras to help you quickly spark discussion in your group.

The Whole Language Jun 24 2019 Gregory Boyle, the beloved Jesuit priest and author of the inspirational bestsellers *Tattoos on the Heart* and *Barking to the Choir*, returns with a call to witness the transformative power of tenderness, rooted in his lifetime of experience counseling gang members in Los Angeles. Over the past thirty years, Gregory Boyle has transformed thousands of lives through his work as the founder of Homeboy Industries, the largest and most successful gang-intervention program in the world. Boyle's new book, *The Whole Language*, follows the acclaimed bestsellers *Tattoos on the Heart*, hailed as an "astounding literary and spiritual feat" (*Publishers Weekly*) that is "destined to become a classic of both urban reportage and contemporary spirituality" (*Los Angeles Times*), and *Barking to the Choir*, deemed "a beautiful and important and soul-transporting book" by Elizabeth Gilbert and declared by Ann Patchett to be "a book that shows what the platitudes of faith look like when they're put into action." In a community struggling to overcome systemic poverty and violence, *The Whole Language* shows how those at Homeboy Industries fight despair and remain generous, hopeful, and tender. When Saul was thirteen years old, he killed his abusive stepfather in self-defense; after spending twenty-three years in juvenile and adult jail, he enters the Homeboy Industries training and healing programs and embraces their mission. Declaring, "I've decided to grow up to be somebody I always needed as a child," Saul shows tenderness toward the young men in his former shoes, treating them all like his sons and helping them to find their way. Before coming to Homeboy Industries, a young man named Abel was shot thirty-three times, landing him in a coma for six months followed by a year and a half recuperating in the hospital. He now travels on speaking tours with Boyle and gives guided tours around the Homeboy offices. One day a new trainee joins Abel as a shadow, and Abel recognizes him as the young man who had put him in a coma. "You give good tours," the trainee tells Abel. They both have embarked on a path to wholeness. Boyle's moving stories challenge our ideas about God and about people,

providing a window into a world filled with fellowship, compassion, and fewer barriers. Bursting with encouragement, humor, and hope, The Whole Language invites us to treat others—and ourselves—with acceptance and tenderness.

Moral Compass Nov 02 2022 The prominent conservative and author of the best-selling, The Book of Virtues presents a second selection of spiritually and morally uplifting literature, organized according to the stages on life's way. 500,000 first printing. National ad/promo. Tour.

The Routledge Companion to Management and Workplace Spirituality Jan 12 2021 The Routledge Companion to Management and Workplace Spirituality provides readers with a broad, cutting-edge overview of the discipline of management spirituality and religion (MSR). Marques has gathered leading scholars from around the world who share their insights and research on important topics such as linking spirituality and religion, cultural influences on workplace spirituality, mindfulness, and managing spiritually averse people. The volume also covers each of the major religions from both East and West, as well as leadership and spirituality, and issues related to linking spirituality to ethics, sustainability, and corporate social responsibility. This volume will prove invaluable to any student or researcher looking for a comprehensive survey of the field of MSR.

Just Freedom Mar 14 2021 An esteemed philosopher offers a vision for the central role of one of our most cherished--and controversial--ideas.

Shakespeare's Moral Compass Oct 09 2020 Examines the aesthetics, concepts and politics of chaotic and obscured moving images.

Your Moral Compass Apr 14 2021

The Moral Compass Feb 10 2021 When you close yourself off to the realm of possibility, you will never experience the impossible. Opening our mind to the possible lets us grow to make the choice whether to believe or not to believe. It allows us the ability to grow beyond our comprehension and to grow beyond our normal experience. Growing beyond our experience allows us to live beyond our present state and into a realm not normally captured by what we call reality. I am not talking about a normal state of reality. What I am saying is experiencing and realizing a state far beyond the comprehension of man Not necessarily bliss. Just entering into an unexplored area, whether soul or body. A reality greater than self. A reality of greater substance. Greater awareness with endless possibility. A transcendent state, where time is an illusion. Where time becomes unimportant and experience is the all powerful. This is what it is like to be in the presence of God.
