Leadership in Organizations, Global Edition Jul 26 2019 For undergraduate and graduate-level courses in leadership. An exploration of what makes an effective leader ***Leadership in Organizations, 9th Edition*** provides a balance of theory and practice as it covers the major theories and research on leadership and managerial effectiveness in formal organisations. Rather than detailing an endless series of studies or prescribing exactly how leaders must operate, it sticks to the major findings and offers recommendations for improving managerial effectiveness. Using this approach, readers understand the implications of their decisions and can determine the best courses of action specific to the situation. With new examples, citations, and guidelines for better clarity and presentation, the text is a relevant and useful tool for students who expect to become managers in the near future.

Human Anatomy, Global Edition May 28 2022 For one-semester courses in human anatomy. A functional approach to human anatomy ***Human Anatomy, the #1 best-selling textbook for the human anatomy course, is widely regarded as the most readable and visually accessible book on the market. Using a functional anatomy theme, the text presents human anatomy as a well-illustrated "story" with the right amount of detail that learners can understand at an introductory level. Analogies and comparative descriptions make anatomical structures more memorable and understandable and explain how the shape and composition of structures allow them to perform their functions. The 9th Edition features new exercises and questions that help students learn and use anatomical language and interpret real-world medical images while learning basic human anatomy. Building on the functional anatomy approach of previous editions, selected illustrated tables have been enhanced to tell a more cohesive and logical "story" of human anatomy.***

Urban Politics Jun 24 2019 This popular text mixes classic theory and research on urban politics with the most recent developments in urban and metropolitan affairs. Its balanced and realistic approach helps students understand the nature of urban politics and the difficulty of finding effective "solutions" in a suburban and global age. This new edition is more affordable than previous versions, and the entire text has been thoroughly rewritten to engage readers.

Java Software Solutions, Global Edition Jul 18 2021 For courses in Java programming ***Java Software Solutions*** establishes a strong foundation of programming techniques to foster well-designed object-oriented software. Heralded for its integration of small and large real-world examples, the worldwide best-selling text emphasises problem-solving and design skills and introduces students to the process of constructing high-quality software systems. The 9th Edition features a sweeping overhaul of Graphics Track coverage, to fully embrace the JavaFX API. This fresh approach enriches programmers' understandings of core object-oriented principles. The text uses a natural progression of concepts,

focusing on the use of objects before teaching how to write them--equipping students with the knowledge and skill they need to design true object-oriented solutions.
